## AMENDMENT PROPOSAL

Please use a separate form for each proposal.

1) Code(s) associated with this proposal. Please use acronym: **DBC-IBC**

If you submitted a separate coordination change to another code, please indicate which code: __________

<table>
<thead>
<tr>
<th>Acronym</th>
<th>Code Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>IBC</td>
<td>International Building Code</td>

</tbody>
</table>

2) Please check here if a separate graphic file is provided: ☐

*Graphics may also be embedded within your proposal below.*

3) Use this template to submit your proposal or attach a separate file, but please include all items requested below in your proposal. The only formatting needed is **BOLDING, STRIKEOUT** AND **UNDERLINING**. Please do not provide additional formatting such as tabs, columns, etc., as this will be done by CPD.

**Code Sections/Tables/Figures Proposed for Revision:**

- IBC Section 3007.1
- DBC-IBC 3007.6

**Proposal:**
Delete text from IBC section 3007 as follows:
Delete the DBC-IBC Section 3007.6

Supporting Information:

This proposal is similar to the 2016 DBCA Section 3007.6 exceptions #2 and #3. The DBCA exception #2 does not require fire service elevator lobbies in open parking garage and exception #3 allows non fire resistance rated separation at the fire service lobbies in enclosed parking garages. Deletion of the “only” would pertain to elevators serving high rises where a few floors are parking garages and above the garages are the occupied floors. With this revision, the DBCA Section 3007.6 exceptions 2 and 3 are no longer needed and can be deleted.

Note: This section MUST include these items:

- **Purpose**: State the purpose of the proposed amendment to physical, environmental and customary characteristics that are specific to the City and County of Denver (e.g., clarify the code; revise outdated material; substitute new or revised material for physical, environmental and customary characteristics; add new requirements to the code; delete current requirements, etc. to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver).
- **Reasons**: Clearly justify the change to current code provisions, stating why the proposal is necessary to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver. Proposals that add or delete
requirements shall be supported by a logical explanation that clearly shows why the current code does not reflect physical, environmental and customary characteristics that are specific to the City and County of Denver and explains how such proposal will improve the code.

- **Substantiation**: Substantiate the proposed amendment based on technical information and substantiation. Substantiation provided which is reviewed and determined as not germane to the technical issues addressed in the proposed amendment shall be identified as such.
- **Bibliography**: Include a bibliography when substantiating material is associated with the amendment proposal. The proponent shall make the substantiating materials available for review.

### Referenced Standards:

**Note**: List any new referenced standards that are proposed to be referenced in the code.

### Impact:

This proposal coordinates the 2018 IBC with the 2016 DBCA Section 3007.6 and further clarifies that fire service elevators are not required in parking garages. This proposal would have a minor impact on the construction cost and might reduce the cost in enclosed parking garage where elevator lobbies are not provided (typically lobbies are provided to address stack effects).

**Note**: For each of the following, indicate the impact of this amendment proposal:
- The effect of the proposal on the cost of construction - Increase, Reduce, No Effect
- The effect of the proposal on the cost of design - Increase, Reduce, No Effect
- Is the proposal more or less restrictive than the I-codes - More, Less, Same

### Departmental Impact: (To be filled out by CPD staff)

**Note**: CITY STAFF ONLY. For each of the following, indicate the impact of this proposal:
- The effect of the proposal on the cost of review - Increase, Reduce, No Effect
- The effect of the proposal on the cost of enforcement/inspection - Increase, Reduce, No Effect
