AMENDMENT PROosal

Please use a separate form for each proposal.

1) Code(s) associated with this proposal. Please use acronym:

<table>
<thead>
<tr>
<th>Acronym</th>
<th>Code Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>DBC-xxxx (code)</td>
<td>Denver Building Code-xxxx (code) amendments (e.g., DBC-IBC, DBC-JEBC)</td>
</tr>
<tr>
<td>IEBC</td>
<td>International Existing Building Code</td>
</tr>
<tr>
<td>IECC</td>
<td>International Energy Conservation Code</td>
</tr>
</tbody>
</table>

If you submitted a separate coordination change to another code, please indicate which code: ____________________________

2) Please check here if a separate graphic file is provided: ☐

Graphics may also be embedded within your proposal below.

3) Use this template to submit your proposal or attach a separate file, but please include all items requested below in your proposal. The only formatting needed is BOLDING, STRIKEOUT AND UNDERLINING. Please do not provide additional formatting such as tabs, columns, etc., as this will be done by CPD.
Proposal:

Add new text as follows:

913.9 AUTOMATED INSPECTION, TESTING, and DISTANCE MONITORING of DEVICES, METERS, and EQUIPMENT.

Trained personnel must be physically present for all Inspection, Testing, and Maintenance of Fire Protection Systems. Devices for Automated Inspection, Testing, and Maintenance and Distance Monitoring of Devices, Meters, and Equipment are not allowed.
Supporting Information:
NFPA 20 - 2019 4.35 allows for these devices, provided they are listed for this specific purpose. This conflicts with the testing requirements of NFPA 25-2017 8.3.2.7, which require trained and qualified personnel whenever the pump is in operation and 8.3.2.7.1 further states that the use of an automatic timer shall not eliminate the requirement for qualified personnel.

Note: This section MUST include these items:
- **Purpose:** State the purpose of the proposed amendment to physical, environmental and customary characteristics that are specific to the City and County of Denver (e.g., clarify the code; revise outdated material; substitute new or revised material for physical, environmental and customary characteristics; add new requirements to the code; delete current requirements, etc. to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver)
- **Reasons:** Clearly justify the change to current code provisions, stating why the proposal is necessary to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver. Proposals that add or delete requirements shall be supported by a logical explanation that clearly shows why the current code does not reflect physical, environmental and customary characteristics that are specific to the City and County of Denver and explains how such proposal will improve the code.
- **Substantiation:** Substantiate the proposed amendment based on technical information and substantiation. Substantiation provided which is reviewed and determined as not germane to the technical issues addressed in the proposed amendment shall be identified as such.
- **Bibliography:** Include a bibliography when substantiating material is associated with the amendment proposal. The proponent shall make the substantiating materials available for review.

**Referenced Standards:**

Note: List any new referenced standards that are proposed to be referenced in the code.

**Departmental Impact:** (To be filled out by CPD staff)

Note: CITY STAFF ONLY. Discuss the impact of this proposal in this section AND indicate the impact of this amendment proposal for each of the following:
- The effect of the proposal on the cost of review:  □ Increase  □ Reduce  □ No Effect
- The effect of the proposal on the cost of enforcement/inspection:  □ Increase  □ Reduce  □ No Effect
