AMENDMENT PROPOSAL

Please provide all of the following items in your amendment proposal:

Code Sections/Tables/Figures Proposed for Revision:

DBC-I FC  604.2.17

Note: If the proposal is for a new section, indicate (new).

Proposal:

Renumber and add new text as follows:

Section 604.2.17 1203.2.19 Covered mall buildings is added as follows:

604.2.17 1203.2.19 Covered mall buildings. Covered mall buildings exceeding 50,000 square feet (4,645 m2) shall be provided with emergency and standby power systems which are capable of operating the emergency voice/alarm communication system, the smoke control system, where provided, in accordance with Section 909, the fire pump and one accessible elevator.

Note: Show the proposal using strikeout, underline format. At the beginning of each section, one of the following instruction lines are also needed:

• Revise as follows
• Add new text as follows
• Delete and substitute as follows
• Delete without substitution

Supporting Information:

Section numbers updated based on this section being moved under the new "Energy Systems" Chapter 12 in the 2018 IFC. Loads classified as "other than emergency" can be placed on the standby power system. This revision better aligns with the requirements found in the 2017 NEC, Articles 700 and 701.

Note: The following items are required to be included:

November 15, 2005
**Purpose:** The proponent shall clearly state the purpose of the proposed amendment to physical, environmental and customary characteristics that are specific to the City and County of Denver (e.g., clarify the Code; revise outdated material; substitute new or revised material for physical, environmental and customary characteristics; add new requirements to the Code; delete current requirements, etc.)

**Reasons:** The proponent shall justify changing the current Code provisions, stating why the proposal is necessary to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver. Proposals that add or delete requirements shall be supported by a logical explanation which clearly shows why the current does not reflect physical, environmental and customary characteristics that are specific to the City and County of Denver and explains how such proposals will improve the Code.

**Substantiation:** The proponent shall substantiate the proposed amendment based on technical information and substantiation. Substantiation provided which is reviewed and determined as not germane to the technical issues addressed in the proposed amendment shall be identified as such.

**Bibliography** (as needed): The proponent shall submit a bibliography when substantiating material is associated with the amendment proposal. The proponent shall make the substantiating materials available for review.
