**AMENDMENT PROPOSAL**

Please provide all of the following items in your amendment proposal.

**Code Sections/Tables/Figures Proposed for Revision:**
IMC 403.2.1.1

**Note:** If the proposal is for a new section, indicate (new).

**Proposal:**

Revise as follows:

1. Ventilation air shall not be recirculated from one dwelling unit to another or to dissimilar occupancies.

1. Ventilation shall not be recirculated from one dwelling unit to another. Ventilation air shall not be recirculated between residential and nonresidential occupancies. Ventilation air shall not be recirculated between nonresidential occupancies of dissimilar use. Examples of nonresidential occupancies of dissimilar use include: offices in a factory, a kitchen incidental to an office building, a dressing room incidental to a theater, a health club and an ice cream store, a barber shop and a commercial kitchen.

**Note:** Show the proposal using **strikeout, underline** format. At the beginning of each section, one of the following instruction lines are also needed:

- Revise as follows
- Add new text as follows
- Delete and substitute as follows
- Delete without substitution

**Supporting Information:**

Purpose: To clarify the code intent to prevent contaminated air from spreading beyond the space of origin. Note contaminated air includes air containing odors as well as particulate and biological contamination.

Reasons: The code is not clear if it is referring only to air in dwelling units or air in all types of mixed occupancies. The Code Commentary makes it clear that the code is intended to apply to residential and...
non-residential occupancies and that the intent is to prevent contaminated air from spreading beyond the space of origin.

**Note:** The following items are required to be included:

**Purpose:** The proponent shall clearly state the purpose of the proposed amendment to physical, environmental and customary characteristics that are specific to the City and County of Denver (e.g., clarify the Code; revise outdated material; substitute new or revised material for physical, environmental and customary characteristics; add new requirements to the Code; delete current requirements, etc.)

**Reasons:** The proponent shall justify changing the current Code provisions, stating why the proposal is necessary to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver. Proposals that add or delete requirements shall be supported by a logical explanation which clearly shows why the current does not reflect physical, environmental and customary characteristics that are specific to the City and County of Denver and explains how such proposals will improve the Code.

**Substantiation:** The proponent shall substantiate the proposed amendment based on technical information and substantiation. Substantiation provided which is reviewed and determined as not germane to the technical issues addressed in the proposed amendment shall be identified as such.

**Bibliography** (as needed): The proponent shall submit a bibliography when substantiating material is associated with the amendment proposal. The proponent shall make the substantiating materials available for review.

**Referenced Standards:**

*List any new referenced standards that are proposed to be referenced in the code.*

**Impact:**

- The effect of the amendment proposal on the cost of construction; No Effect.

**Note:** The proponent shall indicate one of the following regarding the impact of the amendment proposal:

  - The effect of the amendment proposal on the cost of construction; Increase, Reduce, No Effect:
  - The effect of the amendment proposal on the cost of design; Increase, Reduce, No Effect:
  - Is the amendment proposal more- or less-restrictive than the I-Codes; More, Less, Same:
