**AMENDMENT PROPOSAL**

**Code Sections/Tables/Figures Proposed for Revision:**
IPC 501.7.1

**Note:** If the proposal is for a new section, indicate (new).

**Proposal:**

(NEW) **501.7.1 ASME Label Required.** When heated by steam or any other indirect means, hot water storage tanks shall comply with ASME construction requirements and bear the ASME label, if any of the following limitations are exceeded: heat input of 200,000 Btu/hr; water temperature of 210° F; nominal water containing capacity of 120 gal.

**Note:** Show the proposal using **strikeout**, **underline** format. At the beginning of each section, one of the following instruction lines are also needed:
- Revise as follows
- Add new text as follows
- Delete and substitute as follows
- Delete without substitution

**Supporting Information:**

**Purpose:** To eliminate the omission of a UL labeled tank when required by the Colorado Boiler Regulations and the IPC.

**Reasons:** Water tanks currently can be approved under the IPC that do not meet the requirements of the State of Colorado.

**Substantiation:** The text is substantially from the Colorado Boiler Regulations 1.6 Definitions #24

November 15, 2005
**Note:** The following items are required to be included:

**Purpose:** The proponent shall clearly state the purpose of the proposed amendment to physical, environmental and customary characteristics that are specific to the City and County of Denver (e.g., clarify the Code; revise outdated material; substitute new or revised material for physical, environmental and customary characteristics; add new requirements to the Code; delete current requirements, etc.)

**Reasons:** The proponent shall justify changing the current Code provisions, stating why the proposal is necessary to reflect physical, environmental and customary characteristics that are specific to the City and County of Denver. Proposals that add or delete requirements shall be supported by a logical explanation which clearly shows why the current does not reflect physical, environmental and customary characteristics that are specific to the City and County of Denver and explains how such proposals will improve the Code.

**Substantiation:** The proponent shall substantiate the proposed amendment based on technical information and substantiation. Substantiation provided which is reviewed and determined as not germane to the technical issues addressed in the proposed amendment shall be identified as such.

**Bibliography** (as needed): The proponent shall submit a bibliography when substantiating material is associated with the amendment proposal. The proponent shall make the substantiating materials available for review.

**Referenced Standards:**

Click or tap here to enter text.

List any new referenced standards that are proposed to be referenced in the code.

**Impact:**

The effect of the amendment proposal on the cost of construction: No Effect.

**Note:** The proponent shall indicate one of the following regarding the impact of the amendment proposal:

- The effect of the amendment proposal on the cost of construction; Increase, Reduce, No Effect:
- The effect of the amendment proposal on the cost of design; Increase, Reduce, No Effect:
- Is the amendment proposal more- or less-restrictive than the I-Codes; More, Less, Same:

**Departmental Impact:**

The effect of the amendment proposal on the cost of review: Increase.

**Note:** Indicate one of the following regarding the impact of the amendment proposal:

- The effect of the amendment proposal on the cost of review; Increase, Reduce, No Effect:
- The effect of the amendment proposal on the cost of enforcement/inspection; Increase, Reduce, No Effect:
