What is the South Broadway Streetscape (Iowa Avenue to Wesley Avenue) Local Maintenance District?

The South Broadway Streetscape (Iowa Avenue to Wesley Avenue) Local Maintenance District is located along both sides of South Broadway and the medians between Iowa Avenue and Wesley Avenue. This District was established by Ordinance No. 235, Series of 2011, for the maintenance and continuing care of streetscape features that exist within the District. These streetscape features may include trees, irrigation, decorative pedestrian lights, sidewalk, benches and trash receptacles. A District Board of Directors represents the interests of the District and the property owners. The Board develops an annual budget for the cost of maintaining the District. Property owners within the District are then annually assessed based on the proportion of their front footage to the total front footage of property within the District.

The District is located along both sides of South Broadway and the medians between Iowa Avenue and Wesley Avenue.

Who to Contact

There are two types of contacts that are available to property owners in the District, depending on the issue:

**District Related Maintenance Issues**

Streetscape features that are located in the sidewalk are generally the responsibility of the District. Examples include making sure that the pedestrian lights are working, that trees are being watered and that trash is being removed. If a property owner sees that there is a deficiency with the maintenance of the streetscape items, they may contact any of the following District Board members:

- Marcus Aden  
  marcusaden@aol.com
- JC Helmstaedter  
  jc@emwcarpets.com
- Heather Martinez  
  heatherpantheron@gmail.com

**All Other City Related Issues (Non-Emergency Only)**

The City has created a 3-1-1 service designed to provide one number to call for all of your City and County of Denver non-emergency questions, problems and concerns. This service can be contacted by dialing 3-1-1 or can be accessed over the internet at:

http://www.denvergov.org/denver311

Typical issues that can be reported to 3-1-1 include:

- Graffiti
- Potholes
- Broken or damaged curb
- Accidents or vandalism resulting in damaged or destroyed streetscape features
- Noise complaints
- Street lights that are not working. Street lights are those lights that are generally 35 to 40 feet high. The smaller pedestrian lights that are approximately 11 feet high are usually maintained by the District.
- Most other non-District related maintenance issues
