

## RESIDENTIAL AND AREA PARKING PERMIT APPLICATION

To apply for either a Residential Parking Permit (RPP) or an Area Parking Permit you need to: 1) review the conditions for use and supplemental maps; 2) prepare copies of the required documents; 3) complete and sign the application form; and 4) submit the application along with the required documents to the address provided at the bottom of this page. If approved, please allow up to four (4) weeks for permit processing and mail delivery (mail delivery is for Residential Parking Permits only).

### CONDITIONS FOR USE OF RESIDENTIAL OR AREA PARKING PERMITS (SEE REVERSE FOR SUPPLEMENTAL MAPS)

A Residential or Area Parking Permit exempts the vehicle from the posted, on-street parking time limit signage ONLY for the area within which the permit is valid. Permit holders must review the supplemental information for their particular permit type. Residential Parking Permits are valid only on the block which the resident resides. The Area Permit will exempt permit holders from certain parking restrictions within a prescribed area (for example, the Baker Area Permit will exempt permit holders from the "NO PARKING 10AM-10PM SUN & HOL EXC BA PERMIT EXCEPTED" posted restrictions). See supplemental maps. Eligible households may be granted up to a maximum of one (1) regular (annual) permit per licensed driver. Permits do not guarantee a parking place, nor grant parking privileges outside the valid permit block or area.

Residential Parking Permits and Area Parking Permits are not valid at parking meters; pay stations; loading zones; or areas signed for No Parking Any Time or Street Sweeping restrictions. Neither type of Parking Permit exempts a holder from the 72 Hour Rule (Denver Municipal Code Sec. 54-465) or any other parking restriction posted or noted in City ordinance.

Both Residential and Area Permits are issued to specific motor vehicles and license plate numbers and are not transferable to another vehicle.

Your vehicle's license plate will serve as your annual parking permit.

Some areas or streets may also be issued a physical permit.

All permits must be renewed on an annual basis.

One guest permit per household may be issued annually upon request. Guest permits are not for use on residents' vehicles nor by commercial service vendors providing repairs or service. Vendors will need to observe the posted restrictions or obtain a Street Occupancy or Emergency Services Permit for use in restricted blocks.

Daily Guest Permits are permits that may be requested for special circumstances such as graduations, weddings, etc. The maximum number of daily permits issued to a household for any occurrence is twelve (12), once per year. More frequent requests will be evaluated on a case by case basis.

All Guest Permit requests will be considered on an as needed basis and only issued for the block or area in which the applicant's permit is valid.

There is currently no fee for Residential or Area Parking Permits. Unpaid or otherwise unresolved parking citations shall be grounds for denial of a request for a Parking Permit.

The use of Parking Permits is monitored. Abuse of any of the permits may result in citations and/or revocation of all permits issued to that household.

The City reserves the right to remove or modify the Parking Permit Program at any time.
