Final Design Public Meeting #3

December 9, 2015
HOW DID WE GET TO THIS POINT?

1. Corridor Vision established (April 2014)
2. Property owner interviews (Late 2014)
3. Activate stakeholder workgroup/identify design options (Late 2014/Early 2015)
4. Refine Design Options (Early-Mid 2015)
5. Finalize Design (Late 2015)
Guiding Principles of the Design
• New Northern Gateway to City
• Mobility & safety
• Differentiation between pedestrians and bicyclists
• A sustainable streetscape
• An arts district identity
• Support for phased implementation
• Define the elements to be constructed within the City Right of Way (sidewalks, bike facility, parking, street lights, drainage, etc.)
  – ~$26M budget
• Integrate RiNo GID funded enhancements (trees/landscaping, pedestrian/accent lighting, enhanced paving) into a cohesive streetscape
  – ~$3M budget
POTENTIAL LOCALLY FUNDED ENHANCEMENTS

Current Conditions
(with no investment)

City-funded improvements
(with $26 million from City)

Potential GID Enhancements
(locally funded additions to the City-funded improvements)
2.6 miles of new sidewalk
2.6 miles of raised, separated cycle track
MOBILITY - INNOVATIVE BUS STOPS

FEATURES
- Bus bench
- Truncated dome
- Xeric planting area
- Bike lane
- Public art area
3 new signals (29th, 33rd, 35th)

New pedestrian-controlled signal at 33rd

Pilot project adding two-stage bike turn boxes at intersections
80+ new on-street parking spaces
Added 28,000 square feet of water quality treatment (currently there is none)
One of first projects to implement City’s Ultra-Urban water quality standards
Collaborated with local property owners to create GID and BID to fund streetscape amenities.

Without District Support
Planting 400+ trees, reducing the heat island effect
Using native plant materials to emulate character of corridor & reduce irrigation requirements
100+ new benches
300+ LED pedestrian & landscape lights
Undergrounding utilities
Collaborated with RiNo Arts District to provide 30 new wayfinding and identity signs
Integrated Contractor (IC) Overview
