

# WELCOME

to the

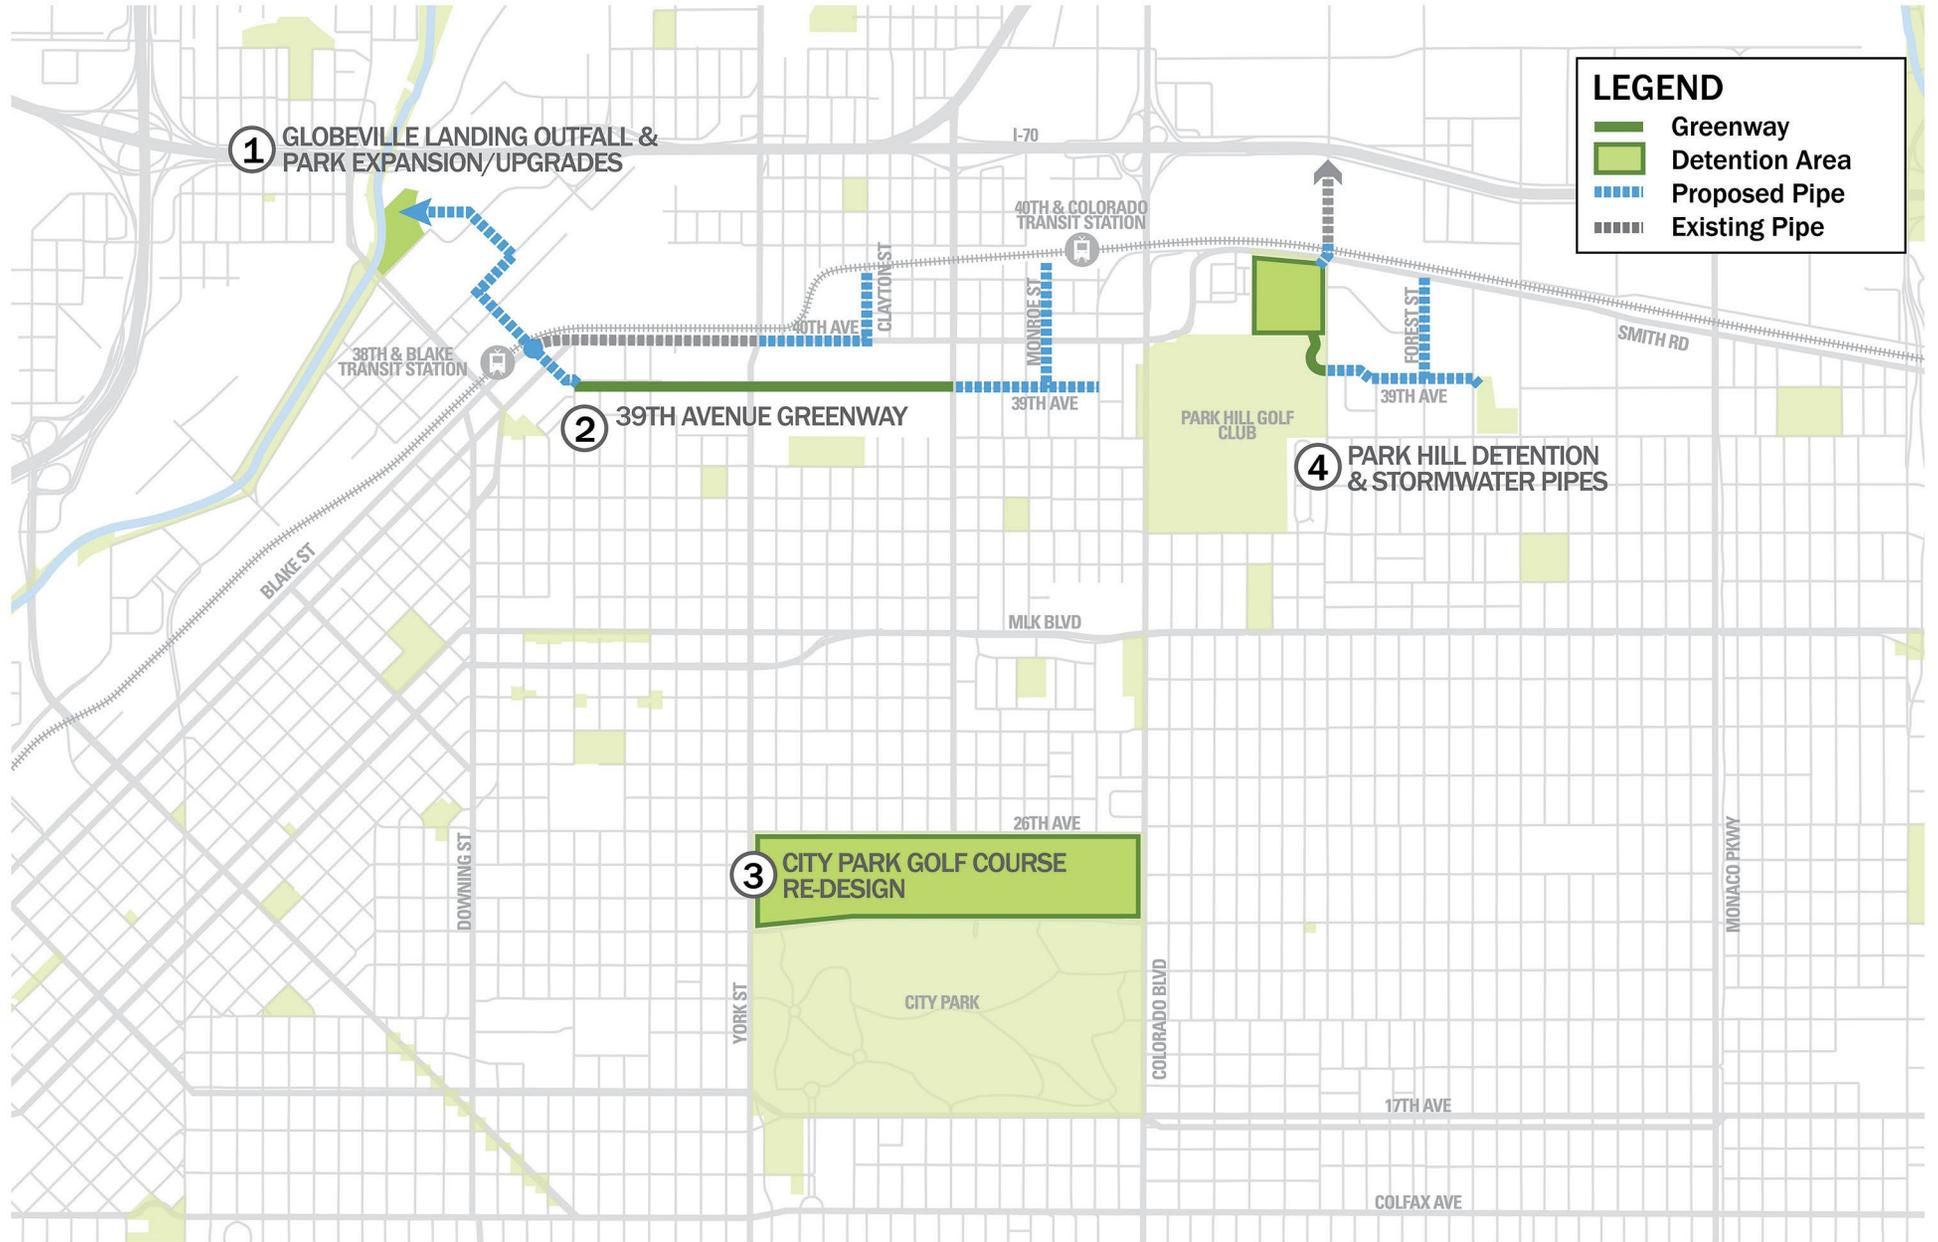

39th Avenue Greenway and Open Channel

# Open House

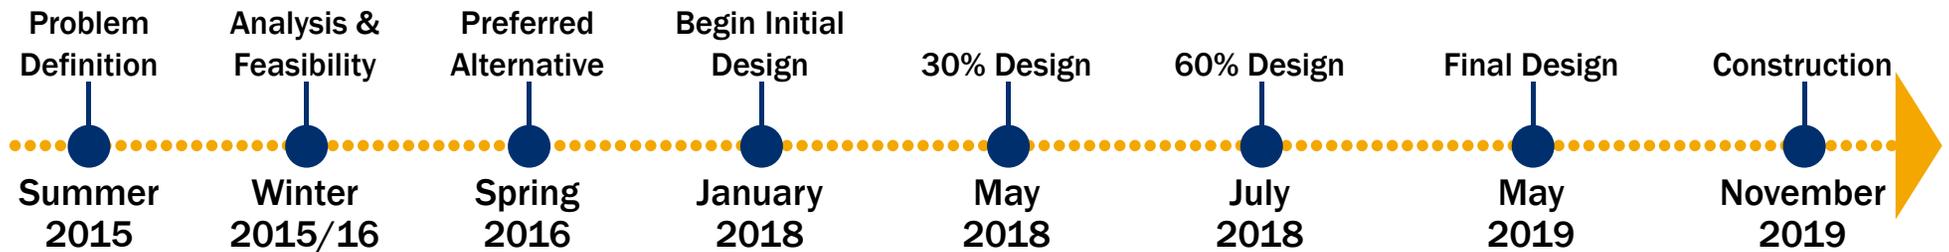

November 12, 2019

# INTRODUCTION | Drainage Improvement Projects

# INTRODUCTION | Public Process

## PUBLIC INVOLVEMENT: How did we reach them?

- 12 design workgroup meetings
- 753 email blast recipients
- 86 community surveys completed
- 365+ individual meetings
- 9 open houses/community workshops
- 1,488 invitations mailed to residents
- 80 posters in local retail stores
- 6 presentations to Cole, Clayton and Whitter RNO's
- 2 print advertisements in LaVoz newspaper

## Who is in the Design Work Group?

- Leadership from Registered Neighborhood Organizations
- Civic groups & business organizations
- Residents reflecting broad and diverse representation

# INTRODUCTION | Project Facts

- 12-acre recreational greenway along 39th Avenue between Franklin and Steele Streets.
- Community amenities such as multi-use trails and an outdoor amphitheater.
- Needed conveyance of water to reduce flood risk to nearby homes and businesses.

## INNOVATIVE FIRSTS

- Programmable decorative LED lighting incorporated under bridges
- Progressive “Shared Street” design integrating all modes of transportation within the street
- Enhanced lighting along the multi-use trail
- Multi-functional designs that create public space around technical structures

**2** pedestrian bridges over the Greenway

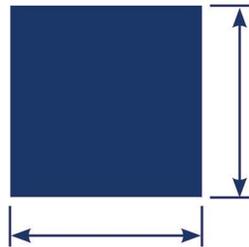

**5,000 sq ft** for 1 community garden

**4** ADA community plots

**13** community plots

**17,500 sq ft** for 4 plaza areas

**2** new vehicular bridges

**1.8 miles**

bike-friendly facilities

**2.4 miles** sidewalks

**6** trash cans

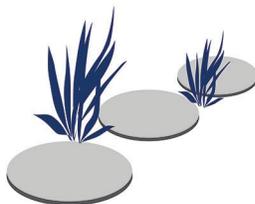

**6** dog stations

**13** shade structures

**5** natural paths for access across the channel

**86** pedestrian lights along multi-use trail\*

\*estimated quantities

**2.8 miles** improved roadways

**10,000** linear feet of new stormwater pipe

# Plaza at Franklin Street

Drainage opening extended to the top of the channel to maximize safety during a storm event.

# Plaza at Franklin Street

Designed plaza space to achieve access and usability.

# Shared Street

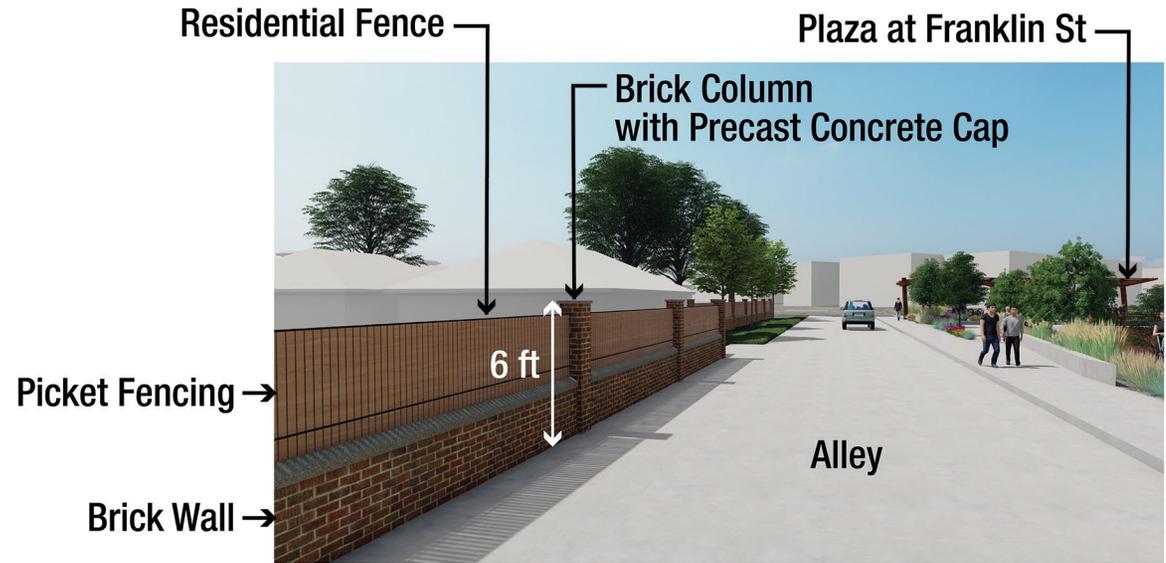

## Your Questions Answered

- Q.** What is the speed limit on the shared street?  
**A.** The speed limit will be 15 mph
- Q.** Will there be dividing lines between bikes and cars on the shared street?  
**A.** There will be no striping on the street. The street is intentionally a plaza-like feel where vehicles are a guest to the area and slowly navigate past each other.
- Q.** Will traffic signs be posted?  
**A.** Traffic signs will be located at the entry points into the shared street, at Williams Street and Franklin Street.

# | Public Art Process & Members

## What We Heard

*Desire to integrate public art, inspired by local community artists and reflective of the surrounding community/historical context and culture.*

## Public Art Process Overview:

- Reviewed and ranked over 200 artist submissions
- Narrowed down selection to top 50
- Invited top 5 artists to interview with art selection committee
- Final selection of 2 artists, for 6 pieces of art

## Art Selection Committee Members:

- 5 Local residents
- 2 City of Denver employees
- 3 Art community specialist
- 1 Landscaping consultant
