

Park Hill Detention

NOTICE OF NEW TRUCK HAUL ROUTE

A NEW TRUCK HAUL ROUTE BEGAN MONDAY, MAY 20

Due to recent road closures surrounding the Park Hill Golf Course area, the contractor's material export operation has modified the route the trucks use to remove the dirt from the construction site.

Crews are exporting dirt Monday–Saturday. The new truck haul route will be split depending on the time of day. The route that will be used most often is the route that runs West on Albion with the use of flaggers at the intersection of Park Hill Square and Albion to assist with traffic flows and pedestrian crossings. In addition, crews will ensure the roadway receives regular sweeping to pick up dirt that migrates on Albion Street.

— 9 am to 4 pm - Hauling West on Smith to Colorado Blvd

— 8 am to 9 am - Hauling East on Smith

SEMA and the City of Denver thank you for your patience as we navigate the logistics of completing this project.
