Community Working Group

- Represent the community
- Bring ideas, we need your input!!!!
- Respect the ideas of others
- Be available
- Focus on the task, we don’t want to skip steps.
  - Parking Lot
- Be a project partner, you are part of our team.
- Share information with your organization and the community
- Review charter, charter will also be signed and a commitment of the project team.
- Questions?
Why a Study?

- Identified in the Globeville Neighborhood Plan as a Transformative Project
- Address the changing land uses and the future vision for the corridor as a mixed use street. Washington Street has the opportunity to establish a neighborhood identity and catalyze redevelopment and reinvestment in the area.
- Some of those changes include:
  - A main street to the Globeville Neighborhood
  - New entrances to the National Western Center
  - A connection to I-70 and Brighton Boulevard and the 38th & Blake Station
  - Link to Adams County
- Design and technical elements in realizing the vision for improvements for implementation
Build on Past and Current Studies
Process

**Phase 1 - Winter/Spring 2017**
- Project Goals
- Community Vision
- Background Information

**Phase 2 - Summer 2017**
- Creation of Alternatives
- Refinement of Alternatives

**Phase 3 - Fall 2017**
- Finalization of Alternative

**KICK-OFF**
- Corridor Segments
- Design
- Connectivity
- Land Use / Urban Design

**ANALYSIS**
- Develop
- Test
- Evaluate

**X-SECTION ALTERNATIVES**
- Preferred Alternative
- Implementation
- Phasing
Scope Elements

- General multimodal connectivity assessment along and across the corridor including:
  - Bicycle
  - Pedestrian
  - Transit
  - Vehicular
  - Access & Parking

- South Platte River access and connectivity

- Neighborhood connections

- Emphasize important community intersections
Scope Implementation

- Define character zones along Washington Street
- Prepare conceptual design alternatives
- Create urban design principles and tools to strengthen the community for public and private benefit along the corridor
- Develop selection criteria for Preferred Alternative
Community Working Group Schedule

- 5 CWG Meetings
  - **Meeting #1 - February 2\textsuperscript{nd}**
    - *Introduction*
  - **Meeting #2 - March**
    - *Visioning / Existing Conditions*
  - **Meeting #3 – May**
    - *Review character areas / Review Visioning*
  - **Meeting #4 – September**
    - *Review and discuss alternatives*
  - **Meeting #5 – November**
    - *Confirmation of preferred alternative*
