

Urban Waterways Restoration Study

South Platte River Public Open House #3

The Urban Waterways Restoration Study, which started in 2015, is identifying improvements to three major urban waterways in Denver: the South Platte River from 6th Avenue to 58th Avenue, Weir Gulch and Harvard Gulch.

**Wednesday,
August 1st, 2018
5:30 - 7:30pm
REI
1416 Platte St.**

Additional meetings will be held pertaining to Weir Gulch on July 31st and Harvard Gulch on August 2nd. Information at www.denverwaterways.com

**US Army Corps
of Engineers**

- ***The US Army Corps of Engineers (USACE) will present recommendations that best meet USACE criteria for habitat and ecosystem restoration (the study's primary goal) and flood risk reduction (a secondary goal).***
- ***Please attend to give your feedback on the recommendations.***
- ***Presentation will begin at 6:00 pm. Open house before and after.***

This is a family-friendly event. Light refreshments will be provided. Spanish language interpretation will be available. Other language interpretation can be provided by contacting us at our website below.

The full report is available for public comment from July 2 to Aug. 28.
