

TRANSIT

Please place up to TWO red dots on the map to indicate which transit stops are difficult to access

SAFETY (VISION ZERO)

Please place up to TWO yellow dots on the map to indicate which locations you're concerned with drivers speeding.

Please place up to TWO red dots on the map where it is hard to see (or be seen) as pedestrians, bicyclists, or drivers.

WALKING & ROLLING

-  Please place up to TWO orange dots on the map to tell us where we should prioritize improving sidewalks.
-  Please place up to TWO red dots on the map to indicate which locations are the most challenging to cross as a pedestrian.

BIKING

Looking at the proposed bike network (the dashed lines on the map), are there other streets we should improve for people biking that are not shown? Please place up to TWO **green** dots on the map.

Please place up to TWO **red** dots on the map to indicate which locations are the most challenging to cross on a bicycle.

ALL TRAVEL MODES

What is the highest priority bike corridor for you?

What corridor would you most like to walk on that you don't?

What parts of this area would you like to go, but can't get to easily?

What are we missing?
