Unauthorized Camping Information

New Unauthorized Camping Ordinance
In May of 2012, the City & County of Denver passed an Unauthorized Camping Ordinance. Unauthorized camping is defined as sleeping with blankets, sleeping bags or tarps, putting up temporary shelter or conducting domestic activities in public right of ways. Individuals violating this ordinance will first be asked to move and/or offered shelter and services prior to enforcement, which could include verbal and written warnings, citations or arrest, only after outreach intervention.

Outreach
Denver’s Road Home is working with Denver Police and Human Services outreach workers to connect individuals camping in public to shelter, future housing, health, employment and other services.

Transportation
Please find a map of locations on reverse. If public transportation is unavailable, outreach workers may coordinate emergency after hours transportation.
