Social Consumption: Public Health and Sanitation Plan – Basic Questionnaire

To obtain a social consumption license, a facility shall have a public health and sanitation plan that is approved by the Denver Department of Public Health and Environment’s Public Health Inspections Division. Contact phicomments@denvergov.org or 311 to submit a Public Health and Sanitation plan.

Each social consumption plan shall include the minimum information:

1. Name and description of the underlying business
2. Address where social consumption license will be held
3. A detailed menu of any food or beverages to be served
   a. The facility shall include what food handling will occur (preparing sandwiches, coffee, etc.)
   b. If any foods or beverages are pre-packaged, please address in menu description and list source
   c. Depending on scope of menu, a health plan review may be required
4. Identify the type of consumption that will be allowed at the facility (Vaping? Edibles? Etc.)
5. Provide a detailed floor plan of the facility including designated consumption areas, restrooms, hand washing sinks, mop sink, etc.
6. Identify types of consumption equipment that will be provided by the facility for customer rental (vaporizing equipment, mouth pieces, etc.)
   a. Address if equipment is disposable or re-usable
7. If any equipment is re-used, identify process for cleaning and sanitation.
   a. Address the type of sanitizer that will be used.
   *** All equipment shall be washed, rinsed and sanitized between uses. Sanitizer shall be EPA approved.
8. Identify the process for cleaning the exterior of the equipment and fixtures
9. Identify plan for storage of all equipment
10. Provide pictures of all the equipment and fixtures
11. Provide list of any additional products that may be sold, such as CBD or hemp products
   a. If selling any CBD or hemp derived products, provide product list with brand names and manufacturers
12. Identify procedures for training staff regarding public health and sanitation
13. Provide employee illness policy
14. Provide cannabis waste removal plan
