Discussion:

The meeting minutes from the September 8, 2015 were reviewed and approved by the team.

Nick informed the Team that the meeting with representatives of the Los Angeles Sheriff’s Department (“LASD”) was cancelled because of a tragic incident involving a deputy from LASD. He added that a donation was made on behalf of the Team to the victim’s gofundme.com account.

Sheriff Diggins announced that funds have been allocated to address DSD training and staffing needs. Al assured the Team that DSD reform is a priority for the Mayor and will receive the funds necessary for implementation.

William Thomas updated the Team regarding budgeted TS staff and system additions, and cautioned that acquisition of a long-term data storage solution is at least a year away.

Al informed the Team that he will be absent from next week’s meeting to attend an inspection and auditing training.

The sub-groups met and reconvened to debrief the Team.

Al addressed the sub-groups’ progress and asked that team leaders send implementation worksheet additions/revisions to Nick, Al and Matt Buttice (matthew.buttice@denvergov.org).
