

## SCRAM Modem

- **Solid YELLOW** – Power light. This light should be on all the time (even if other lights go on/off).
  - **If it is blinking GREEN** – Waiting for information from the SCRAM bracelet. Perform magnet procedure.
  - **Solid RED light** – obtaining information from the SCRAM bracelet.
- Alternating blinking GREEN and RED lights** – Modem is calling out using the phone line (**NORMAL**). Stay off the phone.  
**Phone Cord #1** goes to the wall – phone jack (or other home detention monitoring device).  
**Phone Cord #2** goes to your telephone.
