

Licensing by the City Forester occurs after the applicant has successfully passed both a written and a field exam, and has provided written documentation of minimum insurance requirements. Licensing does not guarantee quality of work. "L" denotes a company that may leave the ground to do tree work and "O" denotes that all work must be preformed from the ground. The City does not endorse any one company on the list. The City recommends that before you enter any contractual agreement you get at least three written and detailed bids and check references.

The following list notes which tree service companies hold industry credentials. To learn more about these credentials visit:

- [International Society of Arboriculture](#)
- [Tree Care Industry Association](#)
- [American Society of Consulting Arborist](#)
