### MEDICAL SURGE UPDATE:
Colorado "United Command Center" (UCC) has established Medical Advisory Committee for medical management at the Colorado Convention Center Tier 3 Alternate Care Site. EOC Healthcare branch is proposed as participating entity. Discussions in progress.

Convention Center Tier 3 Alternate Care Site: Construction of first 250 beds expected 4/18, with staffing & equipment 2-3 days after. Actual opening may await actual need from hospitals. Over 800 bed units have already been framed. Arts and Venues has located city vendor capable of handling linen/laundry/cleaning of patient care zone. Continuing topics of active inquiry: incident command structure and unity of command; provision of dietetically appropriate meals for chronic disease; role of area hospitals in site administration.

State is exploring lease of Spring Hill Suites on Auraria Campus for Tier 4 Alternate Care Site (not yet clear who will staff and/or equip). UCC has been informed of a Long-Term Care Facility in Denver interested in converting to a Tier 3 or Tier 4 ACS (would not receive direct funding but would rely on billing). Concerns about feasibility of this model were communicated to UCC on 4/11.

Discussions ongoing between Shelter Branch and Healthcare & Hospital Branch regarding support for future expansion of activated respite/Tier 4 care sites.
