### Communications

RTD and DEN have been included in several City workgroups under the COVID-19 Task Force to better monitor and report out on transportation impacts. RTD is monitoring service impacts and the possibility of a national curfew. RTD changes will impact DEN employees so will need to keep communication lines open.

Hazardous Materials
No known hazardous materials impact at this time.

Supply chain impacts continue to be a source of concern for both medical supplies and certain high demand public commodities. Resource planning and requests should consider 4 months out given supply chain constraints. Requests need to be made and tracked, forms completed accurately for reimbursement consideration.

CO Dept of Labor and Employment (Unemployment) is anticipating a significant increase in unemployment insurance claims. Adjudication and awards will take longer due to volume. Notes:
The Denver Emergency Operations Center (EOC) and Joint Information Center (JIC) moved to Full Activation Status (M-F) 0900-1600 on March 12, 2020. The current plan is full activation M-Sa 9:00am – 5:00pm, with partial activations on Sun. Shifts alternate with 1st shift Tu/Th/Sa and 2nd shift M/W/F. Starting 3/20/2020 EOC operated both in-person and virtually – 36 positions + JIC will be in person. All other positions were virtual.

The EOC is supported by the Joint Public Health and Environment Departmental Operations Center (DOC), which has been activated since 2 March. The EOC and DOC was supported by a Citywide COVID-19 Task Force but the Task Force was disbanded.

Initial economic relief packages were announced by the Mayor on 03/19/2020, including support for small businesses and artists and relief from parking enforcement and parking meter charges. There are also existing resources to help residents and businesses:

- **Property Tax & Rent Relief Program** – for residents older than 65, people with a disability, or low-income residents
- **Temporary Rental & Utility Assistance (TRUA)** – emergency rent and utility payments for those who qualify

- Passenger traffic is down ~65%.
- Food concessions are closed except for take-away; many other concessions have reduced hours or closed due to staffing challenges or collapsed demand.
- PPE supplies running low. Re-supply expected in 30+ days.

CCD Staffing:

- City will begin tracking distribution of employee work locations across 3 categories: those working from home; those working on post; those working in the field.
- Staffing of shelters and other COVID-19 response will no longer employ on-call staff or Safety cadets, unless they explicitly volunteer and sign waiver (Concern is equity: these individuals are least likely to have health-care coverage).
