Plan under development for consolidation of all existing shelters for healthy individuals into single large facility w/ several thousand person capacity. Goal is to better manage physical distancing and gain staffing economies of scale. Also, numerous small non-contract organizations in Denver and throughout region are likely to close down, increasing need for capacity beyond Denver’s usual ~1500 night shelter utilization.

Health & Medical

Preparations ongoing for “Medical Surge”: i.e. developing locations for “safe haven” facilities for moving hospital patients out of critical care; and “alternative care” facilities for managing “soft” care medical cases; and for housing medical staff. With these efforts, expectation is that existing hospital and critical care beds will be sufficient to meet demand.

Decision regarding Convention Center as Medical Surge facility is expected Monday (3/30). If decision is “yes”, still need ~2 weeks to prepare facility. (Denver Coliseum has been eliminated as potential site).

As of 3/25/2020 hospitals are resting staff in anticipation of Medical Surge. They have 7-10 day PPE supply, Elective surgeries are banned.

AS of 3/27/2020 approximately 2 in 7 hospitals anticipate n95 and facemask shortage in less than two weeks (Rose and Porter), 1 in 7 report shortage of eye protection in two weeks (Rose), and 2 in 7 report a shortage of gloves in two weeks (Kindred and Rose). All (6 of 6) have activated incident command and 4 of 7 have activated surge plans.

**Transportation**

RTD continues to operate as scheduled for essential travel. Service reduction to weekend hours/service will take effect April 19. Riders requested to limit time at stations and stops to 10 minutes and maintain physical distance while waiting for transit.

**DEN:**
- Passenger traffic continues to fall – down ~90% from normal.
- The airport came out of the snow alert this morning with minimal to no impact.
- There were 867 flight cancelations and 73 delays on 3/27/20, not including flights already removed from airline schedules.
- Currently there are 17 airplanes parked both short and long-term around the airport including deicing areas and taxiways. More are parked at gates hangars and ramp areas. As the number of aircraft parking on closed taxiways grow, this will be very visible to the public.
- Of 170 total concessions, 42 are closed, 60 operating with reduced hours. All experiencing dramatically reduced demand and staffing challenges.
- DEN is working w/ FAA on contingencies if airport or TSA personnel test positive for COVID-19. Such event would result in significant new operational delays for cleaning and restoring personnel.

**DOTI:**
Traffic on Denver streets is roughly 1/3 of normal.

**Hazardous Materials Management**

14. General Notes
The Denver Emergency Operations Center (EOC) and Joint Information Center (JIC) moved to Full Activation Status (M-F) 0900-1600 on March 12, 2020. The current plan is full activation M-Sa 9:00am – 5:00pm, with partial activations on Sun. Shifts alternate with 1st shift Tu/Th/Sa and 2nd shift M/W/F. Starting 3/20/2020 EOC operated both in-person and virtually – 36 positions + JIC will be in person. All other positions were virtual.

The EOC is supported by the Joint Public Health and Environment Departmental Operations Center (DOC), which has been activated since 2 March. The EOC and DOC was supported by a Citywide COVID-19 Task Force but the Task Force was disbanded.

Initial economic relief packages were announced by the Mayor on 03/19/2020, including support for small businesses and artists and relief from parking enforcement and parking meter charges. There are also existing resources to help residents and businesses:

- **Property Tax & Rent Relief Program** – for residents older than 65, people with a disability, or low-income residents
- **Temporary Rental & Utility Assistance (TRUA)** – emergency rent and utility payments for those who qualify
- **Denver Human Services** offers eviction and rental assistance
- **Low-income Energy Assistance Program (LEAP)** – offering eligible residents help with a portion of their winter home heating bills

CCD Staffing:

- All non-essential City employees are ordered to work from home (as per SAHO). City is developing re-deployment plans for under-utilized employees to contribute to COVID-19 response.
- Staffing of shelters and other COVID-19 response will no longer employ on-call staff or Safety cadets, unless they explicitly volunteer and sign waiver (Concern is equity: these individuals are least likely to have health-care coverage).
