**MEDICAL SURGE UPDATE (Latest Update/Review 4/15):**

Convention Center Tier 3 Alternate Care Site: Construction of first 250 beds expected 4/18, with staffing & equipment 2-3 days after. Governor stated bed construction might stop short of 1000 in media statements yesterday. Over 800 bed units have already been framed. Arts and Venues has located city vendor capable of handling linen/laundry/cleaning of patient care zone but state has not signed contract. Continuing topics of active inquiry: incident command structure and unity of command; provision of dietetically appropriate meals for chronic disease; role of area hospitals in site administration; possible admission of patients from sites other than hospitals.

State is exploring lease of facility for Tier 4 Alternate Care Site. Discussions unresolved regarding staffing and/or equipment supply. UCC has been informed of a Long-Term Care Facility in Denver interested in converting to a Tier 3 or Tier 4 ACS (would not receive direct funding but would rely on billing). Concerns about feasibility of this model were communicated to UCC on 4/11.

Discussions ongoing between Shelter Branch and Healthcare & Hospital Branch regarding support for future expansion of activated respite/Tier 4 care sites.

**DENVER & REGIONAL HOSPITAL CAPACITY & UTILIZATION (Latest Update/Review 4/15):**

- By mid-day, 223 flight cancellations (these numbers do not reflect flights already removed from airline schedules).
- ~60 aircraft parked air-side for storage, not counting those parked at gates or hangars. Other airlines anticipated to be storing aircraft both short and long term. As number of aircraft parking on closed taxiways grows, this will be visible to public. Runway 8-26 has been closed for additional aircraft parking.
- Of 170 total concessions, 87 closed, 48 operating with reduced hours. All experiencing reduced demand and staffing challenges.
