

Engage in a real world service learning opportunity.

Help make elections happen. As a student election judge, you'll get a hands-on experience learning about democracy while earning an income.

Students are trained by the Denver Elections Division and work alongside experienced election judges at one of many vote centers across the city or at the Division's main office downtown.

Your work is important! Colorado law also recognizes the value of student election judges:

"... in order to promote a greater awareness among young people concerning the electoral process, the rights and responsibilities of voters, and the importance of citizen participation in public affairs, as well as to provide additional qualified individuals willing and able to assist with the electoral process, qualified students may be allowed to serve as student election judges..." C.R.S. § 1-6-101(7)(a).

About. The Denver Elections Division of the Office of the Clerk and Recorder administers elections and manages voter registration and voter services for the City and County of Denver.
