28 **DIVISION 2 – CLIMATE ACTION PROGRAM**

29 **Sec. 2-404. - Legislative Declaration.**

30 (a) The city council finds, determines, and declares:

- 31  
32 (1) For nearly 20 years, the city has endeavored to reduce its impact on the  
33 environment, conserve natural resources, and protect its residents and thriving  
34 business community from the perils of climate change;

- 1 (2) The damage to people, business continuity, and the natural systems that sustain life  
2 caused by climate change demands swift and meaningful action, including steep  
3 reductions in fossil fuel consumption and significant improvements in air and water  
4 quality;
- 5 (3) The disproportionate health, social, and economic impacts of climate change is falling  
6 on under-resourced communities;
- 7 (4) The lack of leadership at the national level leaves cities to combat climate change on  
8 their own. The city's sustainability accomplishments to date have garnered national  
9 attention and respect and with this act the city will propel to the highest ranks of cities  
10 developing innovative solutions that address not only climate change, but also  
11 improve public health and dismantle racist systems;
- 12 (5) Dedicated funding for climate action, sustainability, and resiliency will help ensure  
13 that future generations will be able to live, work, and thrive in the city without an  
14 omnipresent climate crisis.
- 15 (6) This dedicated funding should maximize investments in under  
16 resourced communities, and communities most vulnerable to climate change  
17 effects to ensure equity and help these communities prepare for a changing climate  
18 through innovative mechanisms such as community-based grants and partnerships  
19 with community-based environmental and climate justice organizations.
- 20 (7) Funds should be expended on the permitted uses listed below while allowing for the  
21 flexibility to take advantage of one-time opportunities and catalytic projects but  
22 should, over the long term, endeavor to invest fifty percent (50%) of the dedicated  
23 funds directly in the community with a strong lens toward equity, race and social  
24 justice.

25 (b) Therefore, the city council has determined that the question of whether the city shall  
26 be authorized to impose a 0.25 percent sales tax for the purposes and in the manner set forth in  
27 this ordinance should be submitted to the registered electors of the city at the special municipal  
28 election to be conducted in coordination with the state general election on November 3, 2020.

13 may the amount expended from the funds for administrative expenses in any year exceed eight  
14 percent (8%) of the amount of revenue received in the fund in that year.

19 such monies must remain in the fund to be expended in subsequent fiscal years.
- 20 (f) *Maintenance of Effort.* All monies in the Fund must be used in accordance with this  
21 section and may not replace nor supplant any general fund appropriations allocated each year to  
22 the Office of Climate Action, Sustainability, and Resiliency.
