Overview: Greater Park Hill Community (GPHC) has been committed to reducing waste at all events. They have taken steps to reduce waste in all activities and are committed to striving for zero waste at all events.

Challenges: A potential challenge is educating the vendors about the zero waste policy to the contract that vendors sign. If a vendor breaks this agreement, they will be informed of a $500 fine.

Steps: GPHC has signed agreements with all vendors to reduce waste at all events. Vendors are required to:
- Avoid Styrofoam and balloons
- Avoid one-time use plastics
- Use compostable packaging for distributed items
- Use compostable plates, cups, utensils, and any other items

Vendors are also required to:
- Set up their stations in a central area
- Have volunteers on each station who are responsible for education, sorting, and education.
- They have volunteers at each station who educate the public and different stations, taking them to a central area.

Requirements for Volunteers: Volunteers are required to:
- Set up their stations in a central area
- Have volunteers on each station who are responsible for education, sorting, and education.
- They have volunteers at each station who educate the public and different stations, taking them to a central area.

Education: The Denver Water Truck provides water to the public and reminds GPHC to reduce waste at all events. The Denver Water Truck provides water to the public and reminds GPHC to reduce waste at all events.

Analysis: The Denver Water Truck provides water to the public and reminds GPHC to reduce waste at all events. The Denver Water Truck provides water to the public and reminds GPHC to reduce waste at all events.
