

## VISION & GOALS

Our first task is to develop a vision and set of goals to guide project decisions and recommendations, with input from the Task Force, stakeholders, and the community.

August 2016 – May 2017

## SCENARIO DEVELOPMENT

Working closely with the *Blueprint Denver* team, we'll establish scenarios that match future land uses and potential transit services, demonstrating different outcomes and the trade-offs they would require. These scenarios will be evaluated using a framework grounded in the vision and goals.

January – June 2017

## TRANSIT PLAN

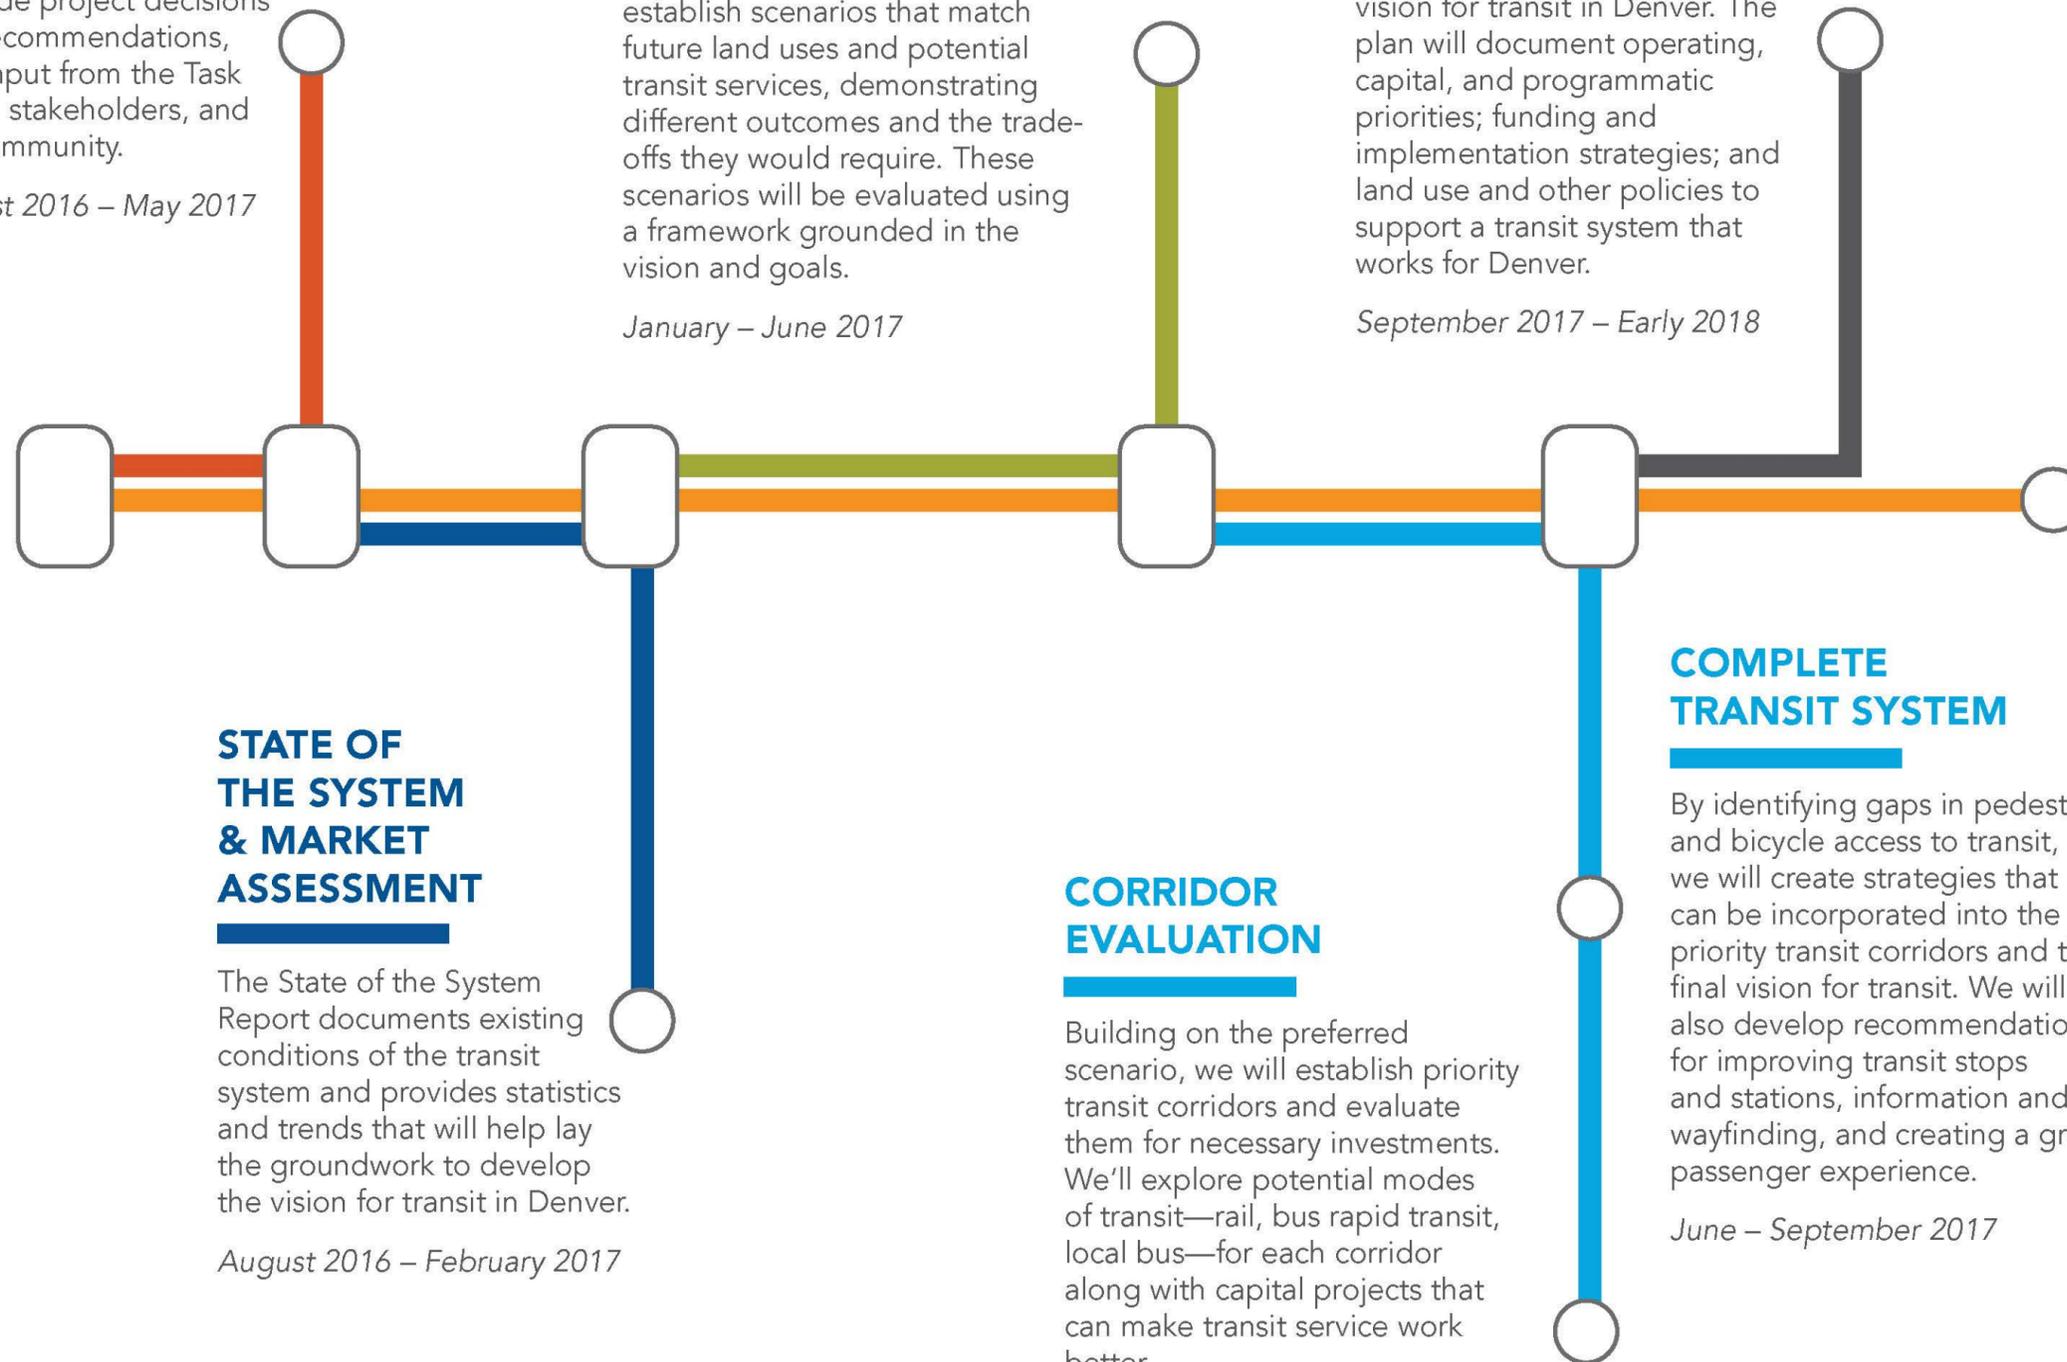

*Denver Moves: Transit* will establish a short- and long-term vision for transit in Denver. The plan will document operating, capital, and programmatic priorities; funding and implementation strategies; and land use and other policies to support a transit system that works for Denver.

September 2017 – Early 2018

## COMMUNITY ENGAGEMENT

Community engagement will occur throughout the project to guide the vision for transit in Denver and ensure the plan meets the community's needs.

## STATE OF THE SYSTEM & MARKET ASSESSMENT

The State of the System Report documents existing conditions of the transit system and provides statistics and trends that will help lay the groundwork to develop the vision for transit in Denver.

August 2016 – February 2017

## CORRIDOR EVALUATION

Building on the preferred scenario, we will establish priority transit corridors and evaluate them for necessary investments. We'll explore potential modes of transit—rail, bus rapid transit, local bus—for each corridor along with capital projects that can make transit service work better.

May – September 2017

## COMPLETE TRANSIT SYSTEM

By identifying gaps in pedestrian and bicycle access to transit, we will create strategies that can be incorporated into the priority transit corridors and the final vision for transit. We will also develop recommendations for improving transit stops and stations, information and wayfinding, and creating a great passenger experience.
