

Denver Moves: Transit Schedule

VISION & GOALS

Our first task is to develop a vision and set of goals to guide project decisions and recommendations, with input from the Task Force, stakeholders, and the community.

August – November 2016

SCENARIO DEVELOPMENT

Working closely with the *Blueprint Denver* team, we'll establish scenarios that match future land uses and potential transit services, demonstrating different outcomes and the trade-offs they would require. These scenarios will be evaluated using a framework grounded in the vision and goals.

January – October 2017

TRANSIT PLAN

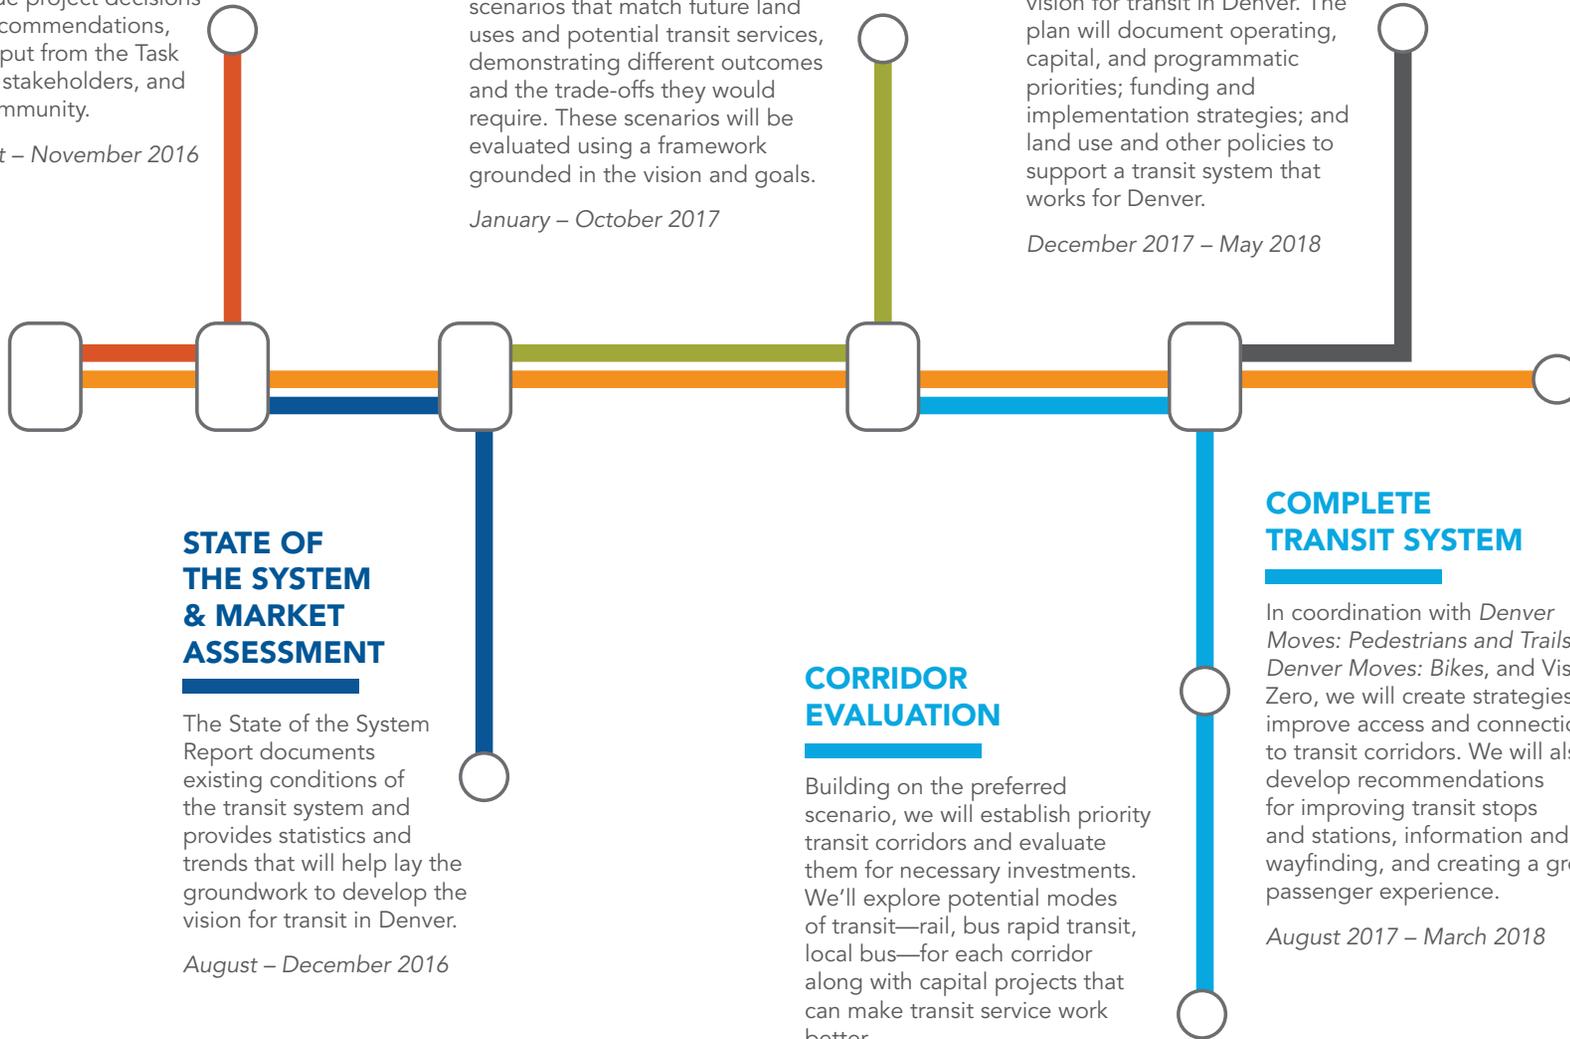

Denver Moves: Transit will establish a short- and long-term vision for transit in Denver. The plan will document operating, capital, and programmatic priorities; funding and implementation strategies; and land use and other policies to support a transit system that works for Denver.

December 2017 – May 2018

COMMUNITY ENGAGEMENT

Community engagement will occur throughout the project to guide the vision for transit in Denver and ensure the plan meets the community's needs.

STATE OF THE SYSTEM & MARKET ASSESSMENT

The State of the System Report documents existing conditions of the transit system and provides statistics and trends that will help lay the groundwork to develop the vision for transit in Denver.

August – December 2016

CORRIDOR EVALUATION

Building on the preferred scenario, we will establish priority transit corridors and evaluate them for necessary investments. We'll explore potential modes of transit—rail, bus rapid transit, local bus—for each corridor along with capital projects that can make transit service work better.

May 2017 – January 2018

COMPLETE TRANSIT SYSTEM

In coordination with *Denver Moves: Pedestrians and Trails*, *Denver Moves: Bikes*, and *Vision Zero*, we will create strategies to improve access and connections to transit corridors. We will also develop recommendations for improving transit stops and stations, information and wayfinding, and creating a great passenger experience.
