North Denver Cornerstone Collaborative
Nonprofit Mini-Grants
Giving Denver’s caring, welcoming, and creative residents a way to bring people together.

In 2018, the North Denver Cornerstone Collaborative offered for the first time a series of small grants that will support the meaningful and necessary work of nonprofit organizations in the Globeville, Elyria, and Swansea neighborhoods.

The NDCC mini-grants seek to improve the effectiveness, efficiency, and performance of nonprofits currently active in these communities.

Funding is available for small, community-driven projects designed to:

- Strengthen nonprofit capacity
- Create a stronger and more connected neighborhood
- Address community needs
- Foster community pride

Grant specifications:

- The maximum grant amount is $2,000 and should be matched with in-kind support, volunteer hours or other funding sources for the specified project.
- Grant recipients must reside or work with existing nonprofits in the Globeville, Elyria, and Swansea neighborhoods.
