co@safesidewalks.comwww.safesidewalks.com**Delivery:**

Delivery costs will be determined by
number/quantities of stones.

Quarry Sailor

303-589-5028

Works with Lyon Sandstone that supplies a
vacuum lift for the stone.

**Many of the suppliers and contractors will
deliver as well.**

Info for the Public:

- All the stone pieces are **required** to be saw cut, not snap cut. The edges need to be as straight as possible to minimize gaps between stones.
- Stones may take up to 5 weeks for delivery.
- Coordination with neighbors and RNOs to have multiple properties done at once may result in a discounted rate.
