
Youth Registration (Optional Feature)

The Denver Afterschool Alliance is pleased to offer providers a comprehensive youth registration system through DAAconnect. Parents can register their youth for programs through a simple, easy to use online platform. Providers have the option of printing paper registration forms as well (provider will need to enter data into the system). The use of the Youth Registration feature will allow providers to obtain required waivers and permissions, gather important health and personal data, run numerous reports and safely maintain records year after year.

Additional Features Required to use this DAAconnect Feature

Organizations must enter into an agreement with the City and County of Denver, in order to properly protect sensitive information. A certificate of insurance showing proof of cyber liability coverage will be required.
