**Instructions:** Show the proposal using strikeout, underline format.

Place “X” next to choice that best defines your proposal: X Revision _X_ New Text ___ Delete/Substitute ___ Deletion

**5307.3.2.1.3 Design and construction.** Bulk tank installations over 2,000 pounds will require an engineered foundation and construction permit in accordance with Section 105.7.31 the Denver Building Code, or other approved engineering methods.

**Supporting Information (Required):**

All proposals must include a written explanation and justification as to how they address physical, environmental, and/or customary characteristics that are specific to the City and County of Denver. The following questions must be answered for a proposal to be considered.

- Purpose: What does your proposal achieve?

These changes align all similar sections to reference the construction permit section 105 when it comes to the installation of tanks.

- Reason: Why is your proposal necessary?

To clarify requirements for Clients so that the proper review and permit are obtained. To provide consistency between similar provisions.

- Substantiation: Why is your proposal valid? (i.e. technical justification)

The changes clarify code requirement for Clients.
