**Code Sections/Tables/Figures Proposed for Revision:**

**717 & 718**

**Proposal:**

717.4 Add new text as follows:

Prior to the commencement of the relining of existing building sewer piping, plans shall be submitted to Denver Wastewater Management for approval.

718.1 Add new text as follows:

Prior to the commencement of the relining of existing building sewer piping, plans shall be submitted to Denver Wastewater Management for approval.

**Supporting Information:**

The added text will instruct the applicant to obtain Denver Wastewater's approval before relining building sewers. This is critical because Denver Wastewater does not approve these types of systems for all applications. This also brings Wastewater and CPD in alignment.

**Referenced Standards:**

N/A

**Impact:**

Wastewater only approves relining building sewers case by case. So no change to current requirements.
