- Zoning permits
- Building permits
- SUDP
- Trade permits
- Special situations
ZONING
Denver Zoning Code

denvergov.org/zoning
Zone Lots vs “Tax Lots”

- Zone lot = “buildable” land
- Assessor parcels (“tax lots”) may not be buildable under zoning codes
What can be built and where?

- Find your zone district
- Confirm the building form standards
- Confirm the allowed “uses”

COMMON BUILDING PROJECTS
Denver Building and Fire Code

denvergov.org/buildingcode
Accessory Dwelling Units (ADUs)

- Allowed in many neighborhoods
- Has its own address
- Owner lives onsite
- Shares utilities with primary unit
- Not sold separately from main house
- Cannot DIY – use a contractor
Detached Garages
Fences

• Fences 4’ or less do **not** require a permit except if located in a landmark/historic district:

• All other fences need zoning permits
Decks

• Decks 12” or less off the ground do \underline{\textbf{not}} require a permit

• Decks 12” or more off the ground require a zoning permit

• Uncovered decks 30” or more off the ground require a building permit
Sheds, Pergolas, Trellises, and AC Units

All need permits
Interior Remodel/Basement Finish

• Requires permits
• Smoke/carbon monoxide alarms
• Emergency escape in bedroom
• Projects that require structural work can’t receive a quick, 2-day review
Demolition Permits

• Removal of a structure 200 square feet or larger

• Removal of a structure over 8 feet in height
HIRE A CONTRACTOR or DIY?
Pulling Permits as a Homeowner

• You must be able to provide a photo ID that matches the property ownership data in the Assessor’s database.

• Home cannot be owned by an LLC or Trust
Homeowner Permits Cont.
Using a Licensed Contractor

Verify the person/firm is licensed to do that work in Denver at:

denvergov.org/epermits
Structure Your Contract Wisely

Payment schedule:
1. Plans produced
2. Materials delivered and permits obtained
3. AFTER final inspection is approved
INSPECTIONS
Building and Zoning Inspections

• All building inspections and zoning inspections must be scheduled online.

• Building inspections occur in 2 business days

Pro Tip: Right-of-Way Construction Inspection

The Department of Transportation and Infrastructure’s ROW team inspects wastewater and right-of-way improvements (sewers, drainage, alleys, and sidewalks).

- For major remodels, additions, and new home construction, ROW will need to check the existing conditions of sidewalks.
  - Sidewalks may need repairs
  - Email: PWpermits@denvergov.org

Neighborhood Inspections (Z/NIS)

• ~20 inspectors with specific assigned areas

• Z/NIS inspectors use city vehicles, Construction inspectors do not
Common Issues
Why does the city get involved in these issues?

To protect the health, safety, and welfare of all residents
Things we cannot do:

- Access a private home
- Take sides in neighbor disputes or civil matters, like property lines
