Introductions

Please tell us your name, neighborhood, and what topics you are most interested in
Roles and Responsibilities
Steering Committee Role

• Spread awareness and accurate information about the plan and connect community members with the process, using materials provided by the project team;

• Advise on the planning process at major milestones, including community engagement;

• Inform, generate ideas for, and serve as a sounding board for plan recommendations and content; and

• Help synthesize feedback and input gathered from the larger community.
Meeting Ground Rules

• Allow room for all: try and keep remarks and questions brief
• Firsts before seconds: ensure everyone has an opportunity to speak before sharing additional thoughts
• When agreeing, try to avoid merely repeating what others have said
• When disagreeing, be respectful and focus on the idea, not the person
• Utilize the raise hand function and/or chat to comment or ask questions
• Turn on your video if possible - especially while you are speaking
Upcoming Meetings

• Next meeting will include equity training
• Will send out a Doodle poll for that date
• Future meetings will be on a regular monthly schedule
• Will send out a separate Doodle poll for that
• Also email to confirm details for website

Planning 101
Why Plan?

- Create a shared vision that addresses the diverse needs and concerns of the community

What Do Plans Do?

Plans inform how things should evolve in the future for the benefit of the community

- Engage people in a dialog about the future
- Define a vision and recommend strategies to achieve it
- Inform decision-making (public & private)
What Plans Do...

**Policies**
- Citywide Plans
- Comprehensive Plan 2040
- Blueprint Denver
- Housing an Inclusive Denver
- Denver Moves
- Game Plan
- Neighborhood and Small Area Plans

**Actions**
- Annual City Budgeting
  - Transportation projects
  - Parks projects
  - Affordable Housing Projects
  - Funding for business and resident assistance programs
- Regulation Changes
  - Zoning, Design Standards, Street Standards, Stormwater Requirements
- General Obligation Bond Projects
- Property-Owner-Initiated Rezonings or Landmark Designations
- Partner Organizations
  - Receive funding from the city and other partners

**Other Input**
- Immediate Needs
- Priorities
- Community Input
What Plans Don’t Do...

- Change regulations (zoning, municipal code, historic districts, etc.)
- Establish budgets for implementation
- Provide detailed design/engineering of infrastructure projects
Planning can have a big impact
Citywide Planning

• Sets broad policies and recommendations that apply citywide
• Many citywide plans focus on a single topic:
  • Parks & Recreation Game Plan
  • Denver Moves: Pedestrians and Trails
  • Denver Moves: Transit
• Comprehensive Plan and Blueprint Denver provide citywide planning guidance
Comprehensive Plan 2040

- Equitable, Affordable and Inclusive
- Strong and Authentic Neighborhoods
- Connected, Safe and Accessible Places
- Economically Diverse and Vibrant
- Environmentally Resilient
- Healthy and Active
Blueprint Denver Vision

- An equitable city
- A city of complete neighborhoods and networks
- An evolving city
AN EQUITABLE CITY

• Planning for equity and guiding change to benefit everyone

• “Equity is when everyone, regardless of who they are or where they come from, has the opportunity to thrive. Where there is equity, a person’s identity does not determine their outcome. As a city, we advance equity by serving individuals, families and communities in a manner that reduces or eliminates persistent institutional biases and barriers based on race, ability, gender identity and sexual orientation, age and other factors.”
Equity Concepts

**Improving Access to Opportunity**
creating more equitable access to quality-of-life amenities, health and quality education.

**Reducing Vulnerability to Displacement**
stabilizing residents and businesses who are vulnerable to involuntary displacement due to increasing property values and rents.

**Expanding Housing and Jobs Diversity**
providing a better and more inclusive range of housing and employment options in all neighborhoods.
Blueprint Equity Concepts – Indicators

How Are the Equity Concepts Measured?

• Measurements range from parcel-level to census tract or neighborhood-wide.
AN EQUITABLE CITY

Key policies:

• Integrate community services and daily amenities into neighborhoods

• Affordable housing should be available in every neighborhood

• Missing middle housing options should be thoughtfully integrated into neighborhoods

• ADUs should be allowed throughout the city
Complete Neighborhoods and Networks

Blueprint Denver’s vision and goals are realized through the planning and implementation of complete neighborhoods connected by a complete multimodal transportation network.
Elements of a Complete Neighborhood

Place

Street Type

Neighborhood Context
Complete neighborhoods

Key policies:
• Quality design in all neighborhoods
• Access to shopping, jobs, and entertainment
• Parks, recreation, greenery, and social amenities
Elements of a Complete Network

High-quality, continuous transportation networks that prioritize pedestrians, transit, bicycles or cars for seamless mobility throughout the city.
Complete networks

Key policies:

• Encourage mode shift away from single-occupant vehicles to walking and rolling, biking, transit, and other modes

• Prioritize pedestrians over other modes on all streets
AN EVOLVING CITY

Key policies:

• Every neighborhood accommodates growth
• Most growth directed to centers and corridors
• Direct growth to limit climate impacts and improve resiliency
Citywide Implementation

Current or upcoming citywide projects will address major Blueprint recommendations:

• Expanding Housing Affordability
• ADU regulatory updates
• Equity in rezoning
• Centers and corridors design quality
• Residential design quality

Near Southeast plan can provide limited refinement on implementing these recommendations
Updating Blueprint

- Upon adoption of the Near Southeast plan, it can update Blueprint maps.
- This includes context, place type, growth strategy, street types, and modal priority.
- Updates must work within existing Blueprint categories and place types.
Neighborhood Planning Initiative

Near Southeast Area Plan
Neighborhood & Small Area Plans – Part 1

- Detailed recommendations that apply only to specific areas
  - Ex: neighborhoods, corridors, transit station areas
- Address many topics and show how systems inter-relate at the local level
- Adopted as supplements to the Comprehensive Plan
- Must be consistent with citywide plans
Neighborhood & Small Area Plans – Part 2

• Update Blueprint Denver mapping
• Can’t contradict citywide goals, but can identify customized strategies for achieving them
• Provide detailed guidance for use in rezonings & other policy decisions
• Recommend capital projects and facilities
• Identify strategies for future implementation projects

Engagement Strategy

- Lays out engagement goals for the Near Southeast Plan
- Describes the methods that will be used to achieve those goals
- Identifies how progress will be tracked
- Draft will be developed with input from steering committee and community
Goals

• Engage community members who are representative of the demographics of those who live, work, visit, and study in the Plan Area.
• Empower traditionally marginalized or underrepresented communities. Focus populations include, but are not limited to, youth, seniors, people of color (particularly black, brown, and indigenous residents), non-native English speakers, people experiencing homelessness, lower-income residents, people with disabilities, and renters.
• Build trust between all participants and create a space to listen and help heal old wounds.
• Educate participants on their role, the project, and the importance of a collaborative planning process.
