The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It’s not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

> "It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 *Ensure all Neighborhoods are Safe.*

This is a big experiment on Denver's residents and neighborhoods.

**Please VOTE NO on the Group Living Zoning Code Amendment!**

The proposed [Group Living Zoning Code Amendment](#) is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed **Group Living Zoning Code Amendment** is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver’s Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It’s not going to be inclusive because we are pitting neighborhoods against neighborhoods…Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan’s values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver’s residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

The proposed [Group Living Zoning Code Amendment](#) is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The proposed **Group Living Zoning Code Amendment** is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities:

Strong and Authentic Neighborhoods; Goal # 9 *Ensure all Neighborhoods are Safe.*

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The proposed [Group Living Zoning Code Amendment](#) is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

> "It's not going to be inclusive because we are pitting neighborhoods against neighborhoods…Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 *Ensure all Neighborhoods are Safe.*

This is a big experiment on Denver's residents and neighborhoods.

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 *Ensure all Neighborhoods are Safe.*

This is a big experiment on Denver's residents and neighborhoods.

**Please VOTE NO on the Group Living Zoning Code Amendment!**

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

10/16/2020
The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver’s Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It’s not going to be inclusive because we are pitting neighborhoods against neighborhoods…Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan’s values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver’s residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

11/10/2020
The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

The changes will:

* **allow density in all single-family homes to increase a minimum of 150%** (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* **allow new 1-10 person 24/7 homeless shelters** in all neighborhoods, with few limitations and no spacing from schools

* **allow new 11-20 person community corrections with felons and 24/7 homeless shelters** in many neighborhoods, with few limitations and no spacing from schools

* **commercialize single-family neighborhoods** as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 *Ensure all Neighborhoods are Safe.*

This is a big experiment on Denver's residents and neighborhoods.

**Please VOTE NO on the Group Living Zoning Code Amendment!**

The proposed Group Living Zoning Code Amendment is a massive, 184-page amendment to Denver's Zoning Code. If passed, it will go into effect 1 week after City Council approval.

The changes will:

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

* allow density in all single-family homes to increase a minimum of 150% (from 2 to 5 unrelated adults) during a time of COVID-19 crowding concerns

* allow new 1-10 person 24/7 homeless shelters in all neighborhoods, with few limitations and no spacing from schools

* allow new 11-20 person community corrections with felons and 24/7 homeless shelters in many neighborhoods, with few limitations and no spacing from schools

* commercialize single-family neighborhoods as service providers and investors buy limited, existing single-family housing stock

The Group Living Zoning Code Amendment promises “equity” but many areas of the city are exempt.

Denver City Council President Stacie Gilmore said:

"It's not going to be inclusive because we are pitting neighborhoods against neighborhoods...Montbello is going to feel the brunt of this and Green Valley Ranch is going to be protected."

The current 1,500 ft. buffer zone between all Denver schools and community corrections facilities has been removed, in direct conflict with the Denver Comprehensive 2040 Plan's values and vision of safe communities: Strong and Authentic Neighborhoods; Goal # 9 Ensure all Neighborhoods are Safe.

This is a big experiment on Denver's residents and neighborhoods.

Please VOTE NO on the Group Living Zoning Code Amendment!

I am the author and custodian of the Change.org petition *NO to Denver’s Group Living Zoning Code Amendment*. The Change.org platform was chosen because it offers a legitimate, proven method for communication with legislative bodies and is a public benefit corporation.

Please find attached 2,143 individuals who have signed the petition to date and are Denver residents, verified through voter registration record or other public residency databases.

**LEGITIMATE FORM OF COMMUNICATION**

A petition is a form or style of legitimate communication with a legislative body.

Petition = a formal written request made to an authority or organized body; a written request or call for change signed by many people in support of a shared cause or concern.

Petitioners speak for themselves; the custodian is simply the conduit of their statement.

A similar form of legitimate communication is the form letter, employed by proponents of the zoning code amendment with The Action Network as their preferred platform or the DCTA who also utilized a form letter. The abbreviated comment cards that were used by CPD and recorded in the Comments document is another example of legitimate communication.

While it may be desirable to see personal letters, all forms of valid communication must be accepted in an open, transparent, public legislative process.

A simpler form of valid communication should not be minimized or denied, especially with current COVID restrictions in place and with so many unemployed.

**SECOND COMMENT WINDOW | PLANNING BOARD PUBLIC HEARING**

CLEAR AND CONCISE OBJECTIONS

The petitioners state straightforward concerns. These are common concerns for the immense effects of density on infrastructure, quality of life, health, safety, and enforcement.

The revisions to the proposed amendment have not adequately address these concerns. The Planning Board’s recommendations do not adequately address these concerns. The current comments and numbers of responses in opposition/support reflect that reality.

Thank you for your consideration of the 2,143 Denverites who stand in opposition to the Group Living Zoning Code Amendment and urge a **NO VOTE** in Committee.
NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Florence Sebern

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Sarah Klever

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Edward Hornung

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Elizabeth Tovado

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Brian Matthews

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Kimberly Lomonaco Haycraft

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Matthew Martinez

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

8/10/2020
NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Mirella Deleon

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Lynn Rich

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Jane Prancan

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Michael Hebert

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver’s Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don’t object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Arlene Perry

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Eva Haykin

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Amy Long

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Jennifer Clark

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Dina Fanter

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Dona Baughman

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Scott Perry

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Carol Naff

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns
* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations
* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations
* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don’t object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Devona Messing

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Constance Artigues

NO to Denver’s Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver’s Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don’t object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Bradley Walden

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Christie Sparr

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Johnny Sierra

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Rachel Most

NO to Denver's Group Living Zoning Code Amendment

The proposed Group Living Zoning Code Amendment is a massive, 174-page amendment to Denver's Zoning Code.

The changes will:

* increase density in all single-family neighborhoods at a minimum of 150% (from 2 to 5-10 unrelated adults plus any related to each) in a time of COVID-19 crowding concerns

* allow new 1-10 person community corrections and homeless shelters in all neighborhood, with no limitations

* allow new 11-40 person community corrections and homeless shelters in many neighborhoods (12,000 sf lots), with few limitations

* encourage commercialization of single-family neighborhoods as business/operators/investors buy existing housing stock instead of owner-occupants

We don't object to shelters and halfway houses. We do have serious concerns about failed program models, lack of functional regulation, and using single-family neighborhoods as an experiment.

Sincerely,

Sarah Pluff
