

# GUIDE TO DENVER HUMAN SERVICES

*We are here to support you*

## Be Safe, Well, and Supported

From help with grocery bills, to finding and affording health insurance, to making your monthly rent payment, we're here to help you stay safe and well and get where you want to be.

## Support for Life's Necessities

In addition to ongoing food, cash, and medical insurance benefits, we can also connect you to discounted RTD tickets, help paying energy bills, and support if you're facing eviction or have other urgent housing needs.

## Support for Your Child

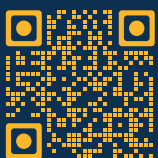

Getting an education and caring for a child or family at the same time can be tough. We can help make sure your child gets the support they need to be safe and well through our child support and child care assistance programs.

## Help Finding a Job

Having economic security while attending college can be difficult. We can help you access tools, training, and resources you need to find a job. While some of our employment support services are available only to those receiving assistance benefits, we'll start where you are and help you meet your financial goals.
