Maximum Length any Combination of Vehicle.....70’

**PERMIT CONDITIONS**

- A. Every special permit shall be carried in the vehicle, or combination of vehicles to which it refers, and shall be open to inspection by any police officer or authorized agent of any authority granting such permits, and no person shall violate any of the terms or conditions of such special permit.
- B. This permit when issued is valid only on those streets under the jurisdiction of the City & County of Denver. To operate on Streets or Highways under other jurisdiction (State Highways or Local Streets) it is necessary to obtain a separate permit from the authorities having jurisdiction thereover.
- C. This permit is not good to operate the vehicle or vehicles on streets prohibited to all trucks; posted structures and streets, exceeding the specified weights, and through all posted underpasses or overhead structures exceeding the specified vertical clearance.
- D. This permit does not allow speed so less than 15 miles per hour below the posted limit on any Freeway.
- E. If the requested permit is granted, the Permittee agrees:
  - 1. To take every precaution to protect the street and the traffic from damage or injury, using pilot cars or flagmen to warn the traveling public;
  - 2. To be financially responsible and to make prompt payment for any damage caused to the traffic, to traffic lights, overhead signs, wire, cables, and other installations, or to the streets or bridges by the transportation of this load;
  - 3. That the operator of the vehicle or vehicles is duly licensed according to statute;
  - 4. That he understands and accepts all provisions and requirements of the permit as stated herein;
  - 5. To indemnify and hold harmless the City & County of Denver, its officers and employees, its appointed and all elected officials, from all suits, actions, or claims of any character whatsoever brought because of any injuries or damage received by any person, persons, or property arising from the issuance or use of this permit.
- F. This application, when signed by the City Engineer or Traffic Engineer of the Department of Transportation & Infrastructure, City & County of Denver, or authorized representatives becomes the requested permit subject to conditions and with the understanding that no liability is assumed by the City by reason of its issuance in regard to condition of street or capacity of culverts and bridges, and the applicant is charged to make necessary examination and inspection as to the adequacy of street or bridge to care for the traffic movement. In case of emergency the field officials of the City have authority to suspend this permit until emergency conditions have passed.
