

DENVER ECONOMIC DEVELOPMENT &
OPPORTUNITY

BUSINESS INVESTMENT PROGRAM

TAX
CREDITS
AVAILABLE
FOR YOUR
BUSINESS

Thank you for growing your business! Did you know that Denver's business owners can apply for a business personal property tax credit each year? The BIP is designed to encourage start-ups and to reward existing businesses of all sizes that expand their operations. It incentivizes qualified businesses to expand their facilities, add new employees, and buy new equipment.

WHO IS ELIGIBLE?

- New businesses that started operations in 2021
- Businesses new to Denver that relocated from outside Denver or added a new facility in Denver in 2021
- Existing businesses already located in Denver that made significant capital investments and/or job creation

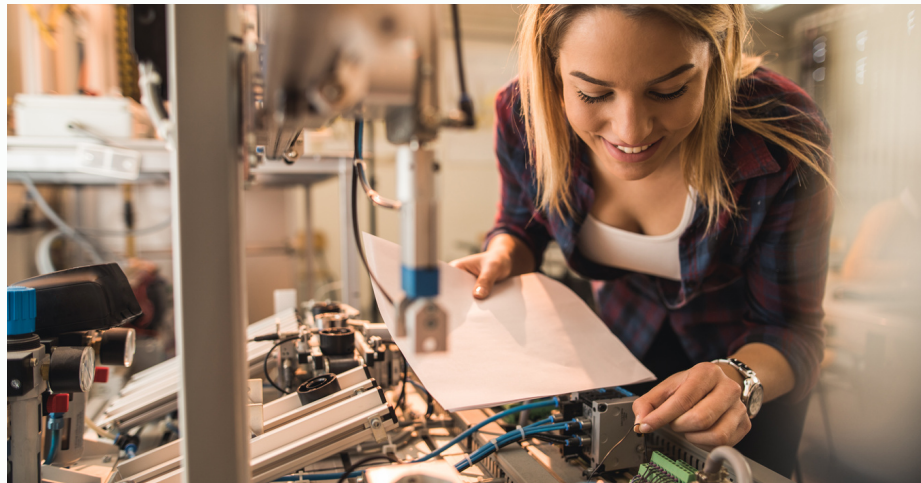

HOW CAN THIS CREDIT BENEFIT ME?

Typically reduces business personal property tax liability on qualifying equipment between 10% and 13% of Denver's combined general millage for a four-year period. This credit can save your business money!
