PROJECT
SUMMARY
SHEET

BUCHTEL BOULEVARD & COLORADO BOULEVARD IMPROVEMENTS

PROJECT BACKGROUND

This project includes converting Buchtel Boulevard from University Boulevard to Colorado Boulevard into a more complete street and improving four intersections along University and Colorado. This project consists of protected bike lanes, bicycle and pedestrian crossings, enhanced lighting, wayfinding, and major intersection realignment and reconstruction. The project also includes bicycle and pedestrian improvements to connect to the Colorado Station bicycle and pedestrian bridge, as identified on Denver Moves Bicycles.
