SUMMARY
SHEET

MORRISON ROAD IMPROVEMENTS SHERIDAN BOULEVARD TO ALAMEDA AVENUE

PROJECT BACKGROUND

Morrison Road is the main corridor for the Westwood neighborhood. The dominance of automobile and commercial truck transit hinders the street from being a people-focused destination and connection. This project supports the 2016 Community Planning & Development Neighborhood Plan for Westwood.

The purpose of the Morrison Streetscape is to reconstruct the right-of-way on Morrison Road between Perry Street and Nevada Avenue and perform intersection improvements at Ohio, Wolff, and Yates to improve pedestrian safety, bring these areas to City and ADA standards, and slow traffic down in order to improve the health, sustainability and economic vitality of the corridor.

The Morrison Road Streetscape Implementation Plan targets two types of improvements:

1. Pedestrian safety and visibility in support of new City and County of Denver Vision Zero initiative
2. Streetscape design elements that celebrate the cultural heritage of the community and combine to create a mercado lineal for the Westwood neighborhood

PROJECT INFORMATION

Location: Morrison Road from Sheridan Boulevard to Alameda Avenue

District: 3

Neighborhood: Westwood

Elevate Denver Funded Amount: \$12.24 million

Designers: To be determined

Contractors: To be determined

PROJECT BENEFITS

Reconstructed road with improved intersections

Enhanced connectivity and safety

Widened tree lawns and sidewalks

KEY MILESTONES

**BEGIN
DESIGN**
Q3 2021

**BEGIN
CONSTRUCTION**
TO BE DETERMINED

**PROJECT
COMPLETION**
TO BE DETERMINED
