DOWNTOWN PARK ACQUISITION & EXISTING PARK IMPROVEMENTS – SKYLINE PARK

PROJECT BACKGROUND

Skyline Park will be redesigned to become a vital urban park in the heart of Denver. Already a destination for workers and visitors, it also will serve the needs of a growing downtown residential population.

This project will reimagine the entire park in coordination with the reconstruction of the 16th Street Mall and integration with adjacent streets. The project will improve existing facilities, provide new amenities to foster everyday use and create a more engaging place for year-round activities. Improvements for Phase 1 construction are anticipated to include reconstruction of the skating rink and beer garden area, with respect to community priorities and consistent with the budget.

PROJECT INFORMATION

Location: Arapahoe Street
between 15th and 17th streets)

District: 9

Neighborhood: Downtown

Elevate Denver Funded Amount: \$2.5 million

Designers: RIOS (Initial Design Phase)
