Independent Auditor's Report

Audit Committee
City and County of Denver
Denver, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City and County of Denver (the City), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Downtown Denver Business Improvement District (BID), Cherry Creek North BID No. 1, Denver Preschool Program, Inc., Denver Convention Center Hotel Authority, RiNo BID, National Western Center Authority, Denver College Success Corporation, or the Colfax BID, all of which are included as discretely presented component units, which represent 45.55 percent of total assets, 27.68 percent of total revenues, and 0.09 percent of net position (deficit) of the aggregate discretely presented component units as of and for the year ended December 31, 2020. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Downtown Denver BID, Cherry Creek North BID No. 1, Denver Preschool Program, Inc., Denver Convention Center Hotel Authority, RiNo BID, National Western Center Authority, Denver College Success Corporation and the Colfax BID, is based solely on the reports of the other auditors. Additionally, we did not audit the financial statements of the Denver 14th Street General Improvement District (GID), Gateway Village GID, or RiNo GID which are included as blended component units, Denver Employee Retirement Plan, a fiduciary component unit and the Deferred Compensation Plan Trust Fund, a fiduciary fund of the City, which represent 49.15 percent of total assets, 31.91 percent of total revenues and 66.40 percent of net position/fund balance of the aggregate remaining fund information as of and for the year ended December 31, 2020. Those financial statements were audited by other auditors, whose reports have

been furnished to us and our opinion on the aggregate remaining fund information, insofar as it relates to the amounts included for the Denver 14th Street GID , Gateway Village GID , RiNo GID, Denver Employee Retirement Plan and the Deferred Compensation Plan Trust Fund, is based solely on the reports of the other auditors. We also did not audit the financial statements of the Wastewater Management Enterprise Fund, which is a major enterprise fund of the City, and represents 12.83 percent, 14.82 percent and 36.26 percent, respectively, of the total assets, total revenues and net position of the business-type activities as of and for the year ended December 31, 2020. Those financial statements were audited by another auditor, whose report has been furnished to us, and our opinions on the Wastewater major fund and the business-type activities, insofar as they relate to the amounts included for the Wastewater Management Enterprise Fund, are based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City and County of Denver as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note I.E to the financials statements, in 2020 the City adopted new accounting guidance, Governmental Accounting Standards Board Statement No.84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension and other postemployment information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying introduction section, combining and individual fund financial statements and schedules, and statistical section listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole. We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the City's basic financial statements as of and for the year ended December 31, 2019, which are not presented with the accompanying financial statements. In our report dated June 30, 2020, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information. In our opinion, the general fund balance sheet as of December 31, 2019 and related statement of revenues, expenditures, and changes in fund balance for the year then ended shown as supplementary information are fairly stated in all material respects in relation to the basic financial statements as of and for the year ended December 31, 2019, taken as a whole.
