

FISCAL ACCOUNTABILITY RULES

RULE 10.13 – TIME AND ATTENDANCE

Purpose

The purpose of this Fiscal Accountability Rule (FAR) is to establish time and attendance guidelines for City and County of Denver (City) employees while complying with Federal and State laws that regulate employee pay.

Kronos Workforce Central (Kronos) is the City's official timekeeping system of record. Kronos is used to accurately and consistently apply pay rules, ensure strong internal controls and management oversight, and promote confidentiality and integrity of employee pay records.

Employees utilize Kronos to record hours worked, track exception hours, request time off, and view balances and accruals. Access to Kronos is based on a Kronos Security Role assigned by the Controller's Office, Payroll Division. The Kronos Security Role consists of a set of rights associated with access to different functions within Kronos and determines what menu items or task lists employees have access to and what functions they can perform.

This rule, and the associated [Time and Attendance Procedure](#), shall be read in conjunction with the following to ensure compliance and understanding:

- [Fair Labor Standards Act](#)
- [Fiscal Accountability Rule 1.2 – System of Record](#)
- [Career Service Rule 9 – Pay Administration](#)
- [Career Service Rule 10 – Paid Leave](#)
- [Career Service Rule 11 – Unpaid and Extended Leave](#)
- [Career Service Rule 16 – Code of Conduct and Discipline](#)

In addition, it may include when punches link to schedules, when data collection devices accept and reject punches, and the order that hour types are processed.

Rule

1. Executive directors/Agency heads shall create procedures that address how employees shall track time worked and/or exception hours in Kronos. The procedure may be more restrictive, but not more generous than this FAR and the associated procedure, as long as the more restrictive procedure is consistently applied. The procedure shall be reviewed at least annually to ensure compliance with this FAR.
2. Every employee shall utilize Kronos to track his or her time worked and/or exception hours, as designated by his or her executive director/agency head and to ensure that all information recorded is complete and accurate.
3. Every employee, who has the access to do so, shall approve his or her timecard by the Saturday of the end of the pay period. By approving his or her timecard, the employee is attesting that the information reported and submitted is complete and accurate.

FISCAL ACCOUNTABILITY RULES

RULE 10.13 – TIME AND ATTENDANCE, CONTINUED

4. Every employee shall request time off in advance of using the exception hours. Any use of exception hours not requested in advance, may be entered into Kronos by the employee's supervisor/manager within the current pay period.
5. Any falsification or misrepresentation of time and attendance information may result in disciplinary action. In addition, any employee who misuses and/or who does not comply with this rule and the associated procedure(s) may be subject to disciplinary action. Any suspected misuse will be investigated and appropriate corrective action taken.
6. Every non-exempt employee shall clock in at the start of his or her work shift and clock out and depart at the end of his or her work shift. Additionally, every non-exempt employee shall obtain approval from his or her supervisor before clocking in or out more than 7 minutes before or after his or her scheduled start or end time.

If the Monday falls on a recognized City holiday, the approval may move to 10:00 a.m. on the Tuesday following the holiday. By approving the timecard the supervisor/manager is attesting to the best of his/her knowledge that the timecard is complete and accurate.
9. A supervisor/manager may adjust a non-exempt employee's clock in and/or clock out time to correct, but he or she shall not edit with the intent to avoid overtime compensation.
10. The supervisor/manager is responsible for any inaccuracy or omission of which he or she is aware of at the time the timecard was approved.
11. The supervisor/manager is responsible for submitting a [Time & Attendance Change Form](#) to the Controller's Office, Payroll Division to correct and/or update an employee's timecard after the pay period ends.
