

Interpreters/CART for Denver City & County Courts

The Denver Office of Sign Language Services works in conjunction with the Denver City and County Court Interpreter Coordinator to schedule legally qualified sign language, Deaf, and oral interpreters, and CART for criminal and civil court matters, and for Denver Probation appointments.

To request an interpreter/CART:

Contact the court clerk with as much advance notice as possible prior to your court date, to inform the clerk of your need a sign language, oral, and/or Deaf interpreter, or CART. The court clerk will send your request through the appropriate channels to have an interpreter or CART scheduled for you.

Legal Credential Authorization:

An interpreter working in the legal setting must hold current national interpreter certification, a Legal Authorization Credential, and maintain on-going legal skills training per Colorado Revised Statutes 13-90-201 through 13-90-210, and their accompanying regulations.

Note: A family member or friend will not be utilized as the sole working interpreter in court.
