Civic Center Next 100: Survey #3

Purpose of survey: Based on community feedback from Workshop #1 and #2, the team has prepared preferred design concepts for Bannock Street, the Greek Theater and Central Promenade that form the basis for further design. In addition, we want to hear more about what you would like to see at the Central Gathering Feature. We would greatly appreciate your feedback and thank you in advance for your insights!

Civic Center Next 100: Bannock Street

Bannock Street between 14th Ave and Colfax Ave will be redesigned as an event space and extension of the park balanced with everyday uses. The new curbless street will be a shared space for bikes and pedestrians. The proposed interactive water feature will be incorporated into the central open plaza providing activities for daily use. Garden rooms will create spaces for people to gather and enjoy with additional trees, stormwater collection planters, pollinator and native gardens, seating, and a food and beverage kiosk. The tree canopy will extend to 14th Ave and Colfax Ave creating a gateway and drawing pedestrians into the space. The improvements will extend into the City and County Building plaza with redesigned planters, seat walls, and a consistent paving material and patterning.

6. What most excites you about the final Bannock Street vision? (select all that apply)
- [ ] Garden Rooms
- [ ] Interactive Water Feature
- [ ] Bike and Pedestrian Promenade
- [ ] Bannock Central Plaza
- [ ] City and County Building Plaza
- [ ] All of the above
- [ ] Other (please specify)

7. What, if anything, would you like to see added or changed as the project moves forward into the next phase of design? (optional)
The Central Gathering Feature will form the new heart of Civic Center Park. This new public space will become a distinctive, unique destination in Denver for locals and visitors from around the world. This space must be engaging, active and comfortable for year-round use. Per the 2005 Master Plan, the Central Gathering Feature will include a water feature, public art and gardens. The community also called for interactive lighting technology. Feedback on the key elements of the Central Gathering Landscape vision will help inform the parameters of an exciting future public art / architecture process to design the space with an artist.

8. What most excites you about the final Central Gathering landscape vision? (select all that apply)

- An iconic sculpture element
- A unique, intermittent fog feature
- A Colorado garden
- Dynamic, interactive lighting
- Complement the historic park vision
- All of the above
- Other (please specify)

9. What, if anything, would you like to see incorporated into a future call for artists/ architecture team? (optional)
Civic Center Next 100: Greek Theater

The Greek Theater will be upgraded into a premiere performance venue. New enhanced audio-visual systems, an expanded stage, performer and audience shade structure and ADA access routes will allow the theater to be easily activated with more frequent events of all sizes and will be more comfortable for day-to-day use. Per the 2005 Civic Center Master Plan, all concepts will preserve views to the historic architecture and protect the historic stonework. As stated in the 2005 Civic Center Master Plan, all concepts also include an expanded south plaza to broaden the connection between Civic Center and 14th Avenue through the Greek Theater. The new plaza is dedicated to the legacy of the Gang of 19 in Denver.

10. What most excites you about the final Greek Theater vision? (select all that apply)
☐ The canopy structure to make the space comfortable and vibrant for performances / everyday use
☐ The improved accessibility to ensure this is a space for all
☐ The expanded ‘stage in the round’ stage deck
☐ The new South Gateway Plaza
☐ New, dynamic theater lighting
☐ All of the above
☐ Other (please specify)

11. What, if anything, would you like to see added or evolve in the design as the project moves forward into the next phase of design? (optional)
Civic Center Next 100: Central Promenade

The Central Promenade will be restored and enhanced with new event infrastructure, removable poles that support seasonal lighting and decor, and moveable chairs and umbrellas so the space can continue to host year-round special events and be comfortable all year. Per the 2009 Design Guidelines, the historic paving pattern will be preserved.

12. What most excites you about the final Central Promenade vision? (select all that apply)

☐ The new enhanced light canopy
☐ The adaptability for banners or other lightweight seasonal decor
☐ Integrated permeable paving for stormwater infiltration
☐ Iconic movable furnishings which incorporate small shade covers, such as umbrellas
☐ All of the above
☐ Other (please specify)

13. What, if anything, would you like to see added or evolve in the design as the project moves forward into the next phase of design? (optional)
