Fred Thomas Park

Irrigation Renovation and Sidewalks

**Project Details**

**General Schedule**
- Design: Complete Fall 2019
- Construction Start: Winter 2020
- Project Complete: Fall 2021

**Budget**
$2,000,000

Funding sources include:
- DPR Legacy Funds
- DPR Capital Funds
- DOTI Capital Funds

**Contact Information**

**Project Manager**
Jeff Prink
Jeff.Prink@denvergov.org

**Planner**
Molly Lanphier
MollyLanphier@denvergov.org

*As with all design and construction projects, schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.*

**Brief project description**

This project will replace the thirty-eight year old irrigation system at Fred Thomas Park, converting from potable drinking water to non-potable recycled water. This upgrade will result in a savings of twenty-two million gallons of potable water each year. Also included are new sidewalks along a portion along the north and east sides of the park. The project is funded from DPR Legacy Fund/CIP and DOTI Sidewalk Gap funds.
