

## Wellness Program

The Wellness Program addresses the quick release process for individuals with municipal level cases and behavioral health needs by providing identification in the booking process and offering immediate connection at the Downtown Detention Center.

- Any non-domestic violence case with a behavioral health need and/or on the ROC list is screened by the City Attorney
- Voluntary
- Individuals self-identify 1-6 goals to complete
- Direct release to a Wellness Community Connector between the hours of 9am-8pm
- No regular appearances in the criminal justice buildings, including court.
- Completion of goals results in a dismissal of the case (deferred prosecution)
