

## Purpose

This document provides requirements and procedures for property owners who want to construct or place Encroachments in the Public Right-of-Way (ROW). This document identifies the submittal process, the associated fees, guidelines, and requirements for submittals.

Refer to the [Rules & Regulations for Encroachments & Encumbrances in the Public Right-of-Way](#) for definitions, categories, criteria, and general conditions for placement of Encroachments in the ROW. It is DOTI's sole discretion whether to grant approval for an Encroachment based on any facts DOTI feels are relevant.

This review process also applies to City-owned Encroachments. City agencies must submit proposed ROW encroachments to DOTI ROWS Permitting and Coordination (R-PAC), pursuant to the Submittal and Approval Process below; however, City-owned Encroachments will not be issued an Encroachment Permit as the form of approval. DOTI R-PAC will, instead, approve City-owned Encroachments with a Letter of No Objection.

## Authority

Under the authority of the Denver City Charter, Article II; the [Denver Revised Municipal Code](#) (DRMC), Chapter 49; and by other city ordinances and regulations, the City and County of Denver Department of Transportation & Infrastructure manages the Public Right-of-Way. The Department of Transportation & Infrastructure (DOTI) Right-of-Way Services (ROWS) Division is the assigned authority to administer and regulate the Encroachment process. Encroachment Permits are revocable by the city at the city's discretion. An Encroachment Permit confers no rights to the Right-of-Way.

## Permit and Applicant Obligations

The Encroachment Permit does not substitute for or replace any permits that might be required such as federal, state, and other City and County of Denver permits or approvals, including but not limited to: Street Occupancy, Street Cut, Erosion Control, Community Planning and Development, Building Department, Parks, Forestry, Zoning, Licensing & Consumer Protection. It is the responsibility of the applicant to ensure that all necessary permits and approvals are obtained prior to construction and operation of the encroachment. Information on other Denver permits and approvals that may be needed for your project: <https://denvergov.org/My-Property/Remodeling-and-Construction/Permit-Office>.

See end of document for additional obligations for Insurance & Indemnity and Terms & Conditions.

Effective Date: March 31, 2026

## Encroachment Permit Fee Schedule and Payment Methods

Encroachment Permit Fees are subject to change by authority of the Executive Director of DOTI. Encroachment Permit Fees are required per Fee Schedule below:

Tier	Initial Application Fee	Land Description Fee	Resolution Review Fee	Annual Permit Fee	Permit Revocation Fee
I	\$0.00	N/A	N/A	\$0.00	\$0.00
II	\$1,500.00	\$500.00	N/A	\$200.00	\$600.00
III	\$1,500.00	\$500.00	\$300.00	\$200.00	\$600.00

The Initial Fee must be paid prior to release of the comment report. Following Encroachment approval and issuance of Permit, the applicant or their successor will be billed annually for the Annual Permit Fee beginning the following calendar year until the city or the Permittee revokes the permit.

### Payment Methods

Prior to making payment, **you must receive an invoice from DOTI**. Paid fees are non-refundable.

The city charges a 2.5% service fee on eligible credit and debit card payments. The service fee is non-refundable. There are no fees for payments online by electronic check or for in-person payments via cash, check, or money order.

Payments are not taken over the phone.

#### Online

To submit payments **online**, the applicant must set-up an ePermit account:

<https://www.denvergov.org/AccelaCitizenAccess/Login.aspx>

#### In-Person

To submit payments **in-person**, visit the Wellington E. Webb municipal office building at 201 W. Colfax Ave., 2<sup>nd</sup> Floor Cashier, Denver, CO 80202. Phone: (720) 865-2780.

Accepted Payment Methods: Cash, Check, Money Order, Discover, Master Card, and Visa

Checks or Money Orders are made payable to: **Manager of Finance**

## Submittal and Approval Process

Encroachments are defined in the [Rules and Regulations for Encroachments and Encumbrances in the Public Right-of-Way](#). DOTI reserves the right to classify a proposed Encroachment as a Tier I, II or III, or deny an application, for any reason as determined to be relevant in the sole judgment of DOTI.

**Only a property owner, an authorized special district, a utility company, or the city can apply for an Encroachment.**

All Encroachment applications must be made online through Denver’s Permitting and Licensing Center (ePermit). **Only Electronic Format Submissions via ePermit are Accepted.**

Denver ePermit: <https://www.denvergov.org/AccelaCitizenAccess/Login.aspx>

Create a new account if you have not already. If you have difficulty submitting your application on [ePermit](#), please contact us at [DOTI.LUPO@denvergov.org](mailto:DOTI.LUPO@denvergov.org) or (720) 865-3003.

Encroachment Tier	Application Required	Application Fees	City Council Process	Annual Fees
<b>Determination Only</b>	Yes	No	No	No
<b>I</b>	Optional	No	No	No
<b>II</b>	Yes	Yes	No	Yes
<b>III</b>	Yes	Yes	Yes	Yes

## How to Submit Your Application via ePermit

Create a new Encroachment Application or Tier Determination Request by making the following selections:

[ePermit](#) → [Right-of-Way](#) → [Create an Application](#) → [Land Use](#) → [ROW Encroachment](#)

Home   Development Services   Business Licenses   Contractor Licensing   **Right-of-Way**   Conveyance   Fire   Parks Recreation

Create an Application   Search Applications   Schedule a ROW Inspection

Choose one of the following available ROW permit types. For assistance or to apply for a record type not listed below please contact us.

- ▼ **Right-of-Way**
  - Address Assignment
  - Outdoor Patio and Dining
  - Public Works Record
  - Survey
  - Utility Plan Review

  - Vending
- ▼ **Land Use**
  - ROW Dedication
  - ROW Encroachment
  - ROW Relinquishment
  - ROW Vacation
- ▼ **Project**
  - Capital Improvement Project
  - CIP Submit Comments

## Tier Determination Submittal (Optional)

Submit a Tier Determination request for the following situations:

- To document official DOTI approval for a Tier I Encroachment
- To receive an official Tier Determination before submitting a permit application

### What you'll need:

- Completed and signed Tier Determination Submittal Checklist

Find checklist with detailed description of document requirements here:

<https://denvergov.org/Government/Agencies-Departments-Offices/Agencies-Departments-Offices-Directory/Department-of-Transportation-and-Infrastructure/Documents/Right-of-Way-Permits>

- Site plans, details, and other required review materials in accordance with Submittal Checklist

Additional details may be requested for clarification purposes.

## Initial Permit Application Submittal

To initiate an Encroachment application, ensure you have all required documents completed for upload to [ePermit](#).

### What you'll need:

- Completed and signed Submittal Checklist

Find checklist with detailed description of document requirements here:

<https://denvergov.org/Government/Agencies-Departments-Offices/Agencies-Departments-Offices-Directory/Department-of-Transportation-and-Infrastructure/Documents/Right-of-Way-Permits>

- Site plans, details, and other required review materials in accordance with submittal checklist

When a Floodplain Permit is required, submit plans showing floodplain impacts for the entire project. Apply for a Floodplain Permit if construction occurs within a regulatory floodplain as shown on Denver Maps:

<https://www.denvergov.org/Maps/map/floodplain>.

- Benefitting property land description

Waived for city-, special district-, or utility-owned encroachments.

- Encroachment area land description

Required for buried Tier II encroachments and all Tier III encroachments.

- Title report and deed for the benefiting property, current within 30 days of permit issuance

[Do Not submit with initial submittal; R-PAC will request this item when needed.](#)

Waived for city-, special district-, or utility-owned encroachments.

### Initial Review and Comments

- R-PAC will perform a cursory review and distribute to agency reviewers for an initial 2-week review period.
- R-PAC will provide the applicant with an invoice for initial fees. The fees must be paid in-full prior to the end of the review period.
- After the review period deadline and fees paid, R-PAC will send the applicant a consolidated review comment report via e-mail typically within 2 business days.

### Comment Resolution

- If the applicant receives any denials, comments, or conditions from reviewers, it is the applicant's responsibility to revise submittal materials to address comments and conditions.
  - *The applicant should only contact the reviewer if they need clarifications or additional coordination on their comments prior to resubmittal. The reviewer's contact information is provided on the comment report. It is not R-PAC's responsibility to confirm or clarify comments and conditions.*
- Once the applicant has revised submittal materials resolving all comments and conditions, the applicant must initiate the resubmittal process.
- If there are no denials, comments, or conditions that require resolution, then R-PAC will initiate permit issuance.

### Resubmittal Process

**Do NOT resubmit applications using ePermit. Resubmittals must be transmitted via [email](#).**

- A resubmittal is required when:
  - there are denials, comments, or conditions that require resolution;
  - proposed Encroachment layout is moved due to city standards and regulations;
  - significant changes are made to meet submittal requirements; or
  - the applicant makes significant changes at their own discretion.
- All resubmittals shall be transmitted **via email** to [DOTI.LUPO@denvergov.org](mailto:DOTI.LUPO@denvergov.org).
  - Include in the email subject line and the body of the e-mail the city project number, official application/project name, and the submittal count (2<sup>nd</sup>, 3<sup>rd</sup>, etc.). This ensures clear communication on how to process your request. Example: 2026-ENCROACHMENT-##### - Project Name - # Submittal.
- R-PAC will distribute the revised review materials to agency reviewers for a 2-week review period.

### Permit Issuance

Once all comments and conditions have been addressed by the applicant and acknowledged by reviewers, R-PAC will initiate permit issuance in accordance with the following:

#### Tier I Encroachments

- Tier I Encroachments can be constructed or placed in the ROW after obtaining Street Occupancy and Construction ROW permits as required. A separate Encroachment Permit will not be issued.
- DOTI has the discretion to deny a Tier I Encroachment or Street Occupancy Permit if it is determined that the proposed location for a Tier I Encroachment will impact the safe and efficient use and operation of the ROW, even if the proposed Encroachment appears to meet all Rules & Regulations for Tier I Encroachments.

#### Tier II Encroachments

1. R-PAC will prepare the Tier II Encroachment Permit form and invoice for remaining fees (refer to Fee Schedule above) and send to the applicant.
2. Applicant must pay the annual permit fee invoice and sign and return the Encroachment Permit.
3. R-PAC will submit the Encroachment Permit to the ROWS Director, or their designated representative, for final approval and execution.
  - *There is no requirement for the ROWS Director to approve the Tier II Encroachment Permit, and the ROWS Director has the discretion to deny the Tier II permit.*
4. R-PAC will record the executed Encroachment Permit and approved land description(s) with the Denver Clerk and Recorder's Office within 20 business days.
5. R-PAC will provide the applicant with a copy of the recorded Tier II Encroachment Permit for their records.
  - *This concludes the Encroachment process. Permit renewal is not required, but the Permittee must pay annual permit fee and fulfill insurance, indemnity, and terms and conditions for the life of the permit. Permittee may remove the Encroachment and apply for permit revocation at any time.*
  - *Other applicable city approvals or permits may be required before construction or operation of any approved Encroachment. Examples include, but are not limited to: SSPR, SUDP, RSOP, SCP, Landmark/Historic Preservation, Building, Zoning, Utility Plan Review, OCF, Fire, ROW Construction, Licensing & Consumer Protection.*

#### Tier III Encroachments

1. R-PAC will prepare the invoice for remaining fees (refer to Fee Schedule above) and send to the applicant for payment.
2. After applicant has paid remaining fees, R-PAC will prepare the Tier III Encroachment Resolution request.
3. R-PAC will submit the Encroachment Resolution request to the ROWS Director, or their designated representative, for their approval to submit to City Council.

- *There is no requirement for the ROWS Director to approve the Tier III Encroachment Resolution request, and the ROWS Director has the discretion to deny the Tier III resolution request.*
- 4. R-PAC will submit the Tier III Encroachment resolution request to City Council for their consideration.
  - *The applicant will be copied when their resolution request is submitted to the legislative process.*
  - *The legislative process takes approximately 6 weeks or more if City Council elects to delay action. The applicant can follow progress via <https://denver.legistar.com/Legislation.aspx>*
  - *There is no requirement for City Council to approve the Tier III Encroachment Resolution, and City Council has the discretion to deny the Tier III resolution request.*
- 5. If City Council approves the Encroachment Resolution, the Tier III Encroachment Resolution will be recorded with the Denver Clerk and Recorder's Office.
- 6. R-PAC will provide the applicant a copy of the recorded Tier III Encroachment Resolution when available
  - *This concludes the Encroachment process. Permit renewal is not required, but the Permittee must pay annual permit fee and fulfill insurance, indemnity, and terms and conditions for the life of the permit. Permittee may remove the Encroachment and apply for permit revocation at any time.*
  - *Other applicable city approvals or permits may be required before construction of any approved Encroachment. Examples include, but are not limited to: SSPP, SUDP, RSOP, SCP, Landmark/Historic Preservation, Outdoor Places, Building, Zoning, Utility Plan Review, OCF, Fire, ROW Construction, Licensing & Consumer Protection.*

### Permit Revocation Process

An Encroachment Permit remains valid until the Permittee or the City takes action to remove the Encroachment and cancel the permit. Annual permit fees are due until the permit is officially revoked. Permit revocations will be approved by either DOTI or City Council in the same manner the Encroachment Permit was originally approved and recorded in the same manner as issued.

#### When the Permittee Cancels Permit

If the Permittee wants to cancel their Encroachment Permit, the Permittee must remove the Encroachment and restore the Encroachment Area. The Permittee must then submit a revocation application via [ePermit](#) and pay revocation fees. After DOTI verifies the Encroachment has been removed and the Encroachment Area has been restored to the satisfaction of DOTI, R-PAC will process the permit revocation.

#### When the City Cancels the Permit

If DOTI determines the Encroachment must be removed and permit canceled, DOTI will notify the Permittee in writing and will provide a deadline for removal and restoration. Failure to comply may result in fines and/or criminal prosecution. Permittee may obtain approval in writing for reasonable deadline extension from R-PAC. After DOTI verifies the Encroachment has been removed and the Encroachment Area has been restored to the satisfaction of DOTI, R-PAC will process the permit revocation.

## Insurance and Indemnification

### Tier I and Tier II Encroachments

Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment; and

Unless otherwise approved by the City's Risk Manager, obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

### Tier III Encroachments

Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment; and

Unless otherwise approved by the City's Risk Manager, obtain and maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

### Subcontractors and Subconsultants

Permittee shall require all of its subconsultants, subcontractors, independent contractors, suppliers or other entities providing goods or services to provide insurance coverage in types and amounts required by the Permittee, but in amounts of at least \$1,000,000 Commercial General Liability, and \$1,000,000 professional liability for any subcontractor performing design or engineering work. Permittee agrees to provide proof of insurance for all such subcontractors, subconsultants, independent contractors, suppliers or other entities upon request by the City.

### General Terms & Conditions

The following General Terms & Conditions apply to all Encroachments:

1. Permittee shall obtain a street occupancy permit, street cut permit, and right-of-way (ROW) construction permit from DOTI Permit Operations as required through [www.denvergov.org/dotipermits](http://www.denvergov.org/dotipermits) prior to commencing construction.
2. Permittee shall be responsible for obtaining all necessary permits and shall pay all costs for installation and construction of items permitted herein.
3. If the Permittee intends to install any underground facilities in or near a Public road, street, alley, ROW or utility easement, the Permittee shall join the Statewide Notification Association of Owners and Operators of Underground Facilities by contacting the Utility Notification Center of Colorado (Colorado 811) through <https://colorado811.org/> or at 303-232-1991, 16361 Table Mountain Pkwy, Golden, Colorado, 80403. Further, Permittee shall contact the Utility Notification Center (Colorado 811) at <https://colorado811.org/> or 303-232-1991 to request locates for existing underground facilities prior to commencing excavation.
4. Permittee is fully responsible for any and all damages incurred to facilities of Denver Water, any other Utility Company, and the City and County of Denver due to activities authorized by the Encroachment Permit(s). Should the relocation or replacement of any facilities of the City and County of Denver become necessary as determined by the Executive Director of the DOTI, in the Executive Director's sole and absolute discretion, Permittee shall pay all cost and expense of the portion of the facilities affected by the Encroachment. The extent of the affected portion to be replaced and relocated by Permittee shall be determined by the Executive Director of DOTI. Any and all replacement or repair of facilities of Denver Water, any other Utility Company, and the City and County of Denver attributed to the Permittee shall be made by Denver Water, Utility Company, and the City and County of Denver at the sole expense of the Permittee. In the event the Permittee's facilities are damaged or destroyed due to Denver Water's, Utility Company's, or the City and County of Denver's repair, replacement and/or operation of its facilities, repairs will be made by Permittee at its sole expense. Permittee agrees to defend, indemnify and hold the City harmless and to repair or pay for the repair of any and all damages to said facilities, or those damages resulting from the failure of facilities to properly function because of the Encroachment.
5. Permittee shall comply with all requirements of affected Utility Companies and pay for all costs of removal, relocation, replacement or rearrangement of Utility Company facilities. Existing utility facilities shall not be utilized, obstructed or disturbed.
6. All construction in, under, on or over the Encroachment Area shall be accomplished in accordance with the Building Code and [City and County of Denver Department of Transportation & Infrastructure Transportation Standard Drawings](#).
7. Permittee shall observe and comply with all federal, state, and local laws, regulations, ordinances, and public safety requests regarding the use of the Encroachment Area.
8. Plans and Specifications governing the construction of Encroachments shall be approved by DOTI prior to construction.
9. Permittee shall pay all costs of construction and maintenance of the Encroachment. Upon revocation of the Encroachment Permit or upon abandonment, Permittee shall pay all costs of removing the Encroachment from the Encroachment Area and restore the Encroachment Area to a condition in accordance with [City and County of Denver Department of Transportation & Infrastructure Transportation Standard Drawings](#) under the supervision of DOTI.
10. Permittee shall remove and replace any and all street/alley paving, Sidewalks, Streetscapes, Amenity Zones, and curb and gutter, both inside the Encroachment Area and in the rights-of-way adjacent thereto, that become broken, damaged or unsightly during, in the opinion of DOTI, the course of construction or maintenance of the Encroachment. In the future, Permittee shall also remove, replace or repair any street/alley paving, Sidewalks, and curb and gutter that become broken or damaged when, in the opinion of DOTI, the damage has been caused by the Encroachment or the activity of the

Permittee within the Encroachment Area. All repair work shall be accomplished without cost to the City and under the supervision of DOTI.

11. The City reserves the right to make an inspection of the Encroachments and the Encroachment Area.
12. During the existence of the Encroachment and an Encroachment Permit, Permittee, its successors and assigns, at its expense, and without cost to the City, shall procure and maintain Commercial General Liability insurance policy with a limit of not less than \$1,000,000 per occurrence, unless the Risk Manager of the City approves a different type of insurance and/or coverage limits. All coverages are to be arranged on an occurrence basis and include coverage for those hazards normally identified as X.C.U. during construction. The insurance coverage required herein constitutes a minimum requirement and such enumeration shall in no way be deemed to limit or lessen the liability of the Permittee, its successors or assigns, under the terms of this Encroachment Permit. All insurance coverage required herein shall be written in a form and by a company or companies approved by the Risk Manager of the City and authorized to do business in the State of Colorado. A certified copy of all such insurance policies shall be filed with the Executive Director of DOTI, and each such policy shall contain a statement therein or endorsement thereon that it will not be canceled or materially changed without written notice, by registered mail, to the DOTI administrative contact at least thirty (30) days prior to the effective date of the cancellation or material change. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
13. In addition to the requirement herein to comply with all laws, Permittee shall comply with the provisions of Article IV (Prohibition of Discrimination in Employment, Housing and Commercial Space, Public Accommodations, Educational Institutions and Health and Welfare Services) of Chapter 28 (Human Rights) of the DRMC. The failure to comply with any such provision shall be a proper basis for revocation of the Encroachment.
14. The right to revoke an Encroachment Permit at any time for any reason and require the removal of an Encroachment is expressly reserved to the City.
15. By Permittee's use of this Encroachment Permit and the Encroachment Area, Permittee agrees to the following:
  - A. Permittee agrees to defend, indemnify, reimburse and hold harmless City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to this Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
  - B. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
  - C. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
  - D. Insurance coverage requirements specified in this Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
  - E. This defense and indemnification obligation shall survive the expiration or termination of this Encroachment Permit.

16. Pursuant to Chapter 49 of the DRMC, DOTI is authorized to remove or to order the removal of any article, vehicle, object or thing whatsoever encroaching into any street, alley, Sidewalk, or other public way or place.
17. No third party, person or agency, except for an authorized Utility Company or Special District, may place an Encroachment in front of a property without written permission of the adjacent property owner.
18. Permittee's use of the ROW for placement of an Encroachment does not create a property right or ownership interest of any kind in the Encroachment Area to the Permittee.
19. All Encroachments in Amenity Zones containing existing Public Trees and/or with the potential to impact tree roots or tree canopy must be pre-approved by the Office of the City Forester (OCF), by contacting them at [forestry@denvergov.org](mailto:forestry@denvergov.org) or 720-913-0651. Encroachments cannot be attached to or damage any Public Tree, and any damage shall be reported to the OCF immediately for mitigation. All trenching, excavation and grading activities within the Dripline of any Public Tree must be pre-approved by the OCF. Permits are required for the planting or removal of any Public Trees and can be obtained by emailing [forestry@denvergov.org](mailto:forestry@denvergov.org).
20. All disturbances associated with construction of the Encroachment shall be managed as required by City standards for erosion control which may require standard notes or Construction Activities Stormwater Discharge Permit permitting depending on location and scope of project.
21. Encroachments proposed adjacent to a designated park or within a dedicated parkway shall also require Department of Parks and Recreation approval prior to installation.
22. Encroachments attached to a building may require building and/or zoning permits from Community Planning and Development.
23. Encroachments in the regulatory floodplain shall require a Sewer Use and Drainage Permit and comply with Chapter 4 Floodplain Regulations of the "Storm Drainage Design and Technical Criteria", Chapter 12 Floodplain Management of the "DOTI Rules and Regulations Governing Sewerage Charges and Fees and Management of Wastewater" and the City Floodplain Ordinance in DRMC Section 56-200 through 56-206. Above-ground Encroachments in a Floodway require a No-Rise Certification sealed and signed by a Professional Engineer licensed in the State of Colorado. If there is any rise in Base Flood Elevations, a Conditional Letter of Map Revision (CLOMR) and LOMR will be required.
24. Only clean soil may be brought onto an Encroachment Area. Verification of soil quality must be provided if requested. Material removed from an Encroachment Area must be properly disposed and is the responsibility of the Permittee.
