Site Plan Sheet(s)

Plans shall be sealed and signed by a Professional Engineer licensed in the State of Colorado. LUPO may waive requirements for a PE signed/sealed site plan for certain existing or standard, non-structural encroachments that do not pose a safety risk with failure. Submittal materials must still provide required, accurate ROW and encroachment information.

General Requirements

- Vicinity map
- North arrow
- Numerical and bar scale (Scale not to exceed 1" = 40')
- Legend
- PE stamp
- Plan set date and revision number (if applicable)

Plan View Requirements

(Aerial imagery is allowed, however, does not replace requirement for accurately scaled engineering drawings)

Show, label, and dimension existing and proposed final site conditions

- Property lines
- Right-of-way width
- Edge of Pavement
- Curb and gutter
- Sidewalks
- Sight Triangle and Corner Clear Zone Limits
Encroachments are NOT allowed in the intersection clear zone per DOTI Transportation Standard Drawing 7.9 and cannot be taller than 30 inches in any sight triangle per DOTI Transportation Standard Drawing 14.0.
- Streetlights
- Pedestrian lights
- Signal Poles
- Surface utility features
Examples: power poles, electric cabinets, handhole boxes, manholes, storm drainage inlets, traffic control boxes, vaults, valves, fire hydrants, etc.
- Regulatory Floodplain boundaries (FEMA)
- Underground and overhead utilities and services
Examples: water, storm sewer, sanitary sewer, gas, electric, communications, etc. Use best available information from field surveys, utility-owner maps, sanitary and storm plat maps, and City of Denver GIS data (<https://www.denvergov.org/Maps/>).
- Trees and landscaping
- Nearby driveways and alleys
- Street names and adjacent property address(es)
- Regional Transportation District (RTD) bus stop
Show all amenities including bench/shelter, signage, bus pad and bench pad
- Limits of Encroachment Area (shall be consistent with survey legal description)
- Size of Encroachment
Show and dimension both above and below ground elements
- Construction Materials
- Projection from building
- Distance from Encroachment to the nearest flowline
- Distance from Encroachment to any other Streetscape feature/obstruction in proximity
- Distance from property line to back of curb

Comment Resolution Sheet(s)

The applicant will include a Comment Resolution sheet(s) with all resubmittals. The Comment Resolution sheet shall have the following information:

- Agency Name
- Reviewer's name
- Review comments (reviewer comments must be verbatim)
- Formal written response to each comment
- Plan set date and revision number (if applicable)

Additional Required Material(s)

- If the proposed Encroachment is a Sign, Artwork, or is located within a regulatory floodplain, historic district, individual landmark boundary, or design review district under the Denver Zoning Code, approval documents from those respective reviewing authorities shall be included in the application.
- For properties sharing the Encroachment, appropriate draft legal document shall be submitted for review by the City, which identifies ownership, maintenance and fee obligations, and what would happen to the shared Encroachment if either property were sold. After the City determines the draft legal document satisfactorily fulfills this condition, the document shall be signed by all affected property owners and recorded with the Denver Clerk and Recorder's Office. A copy of the recorded document must be provided to DOTI.
- As requested, specifications or any additional materials for the proposed Encroachment not shown on the drawings or as determined by DOTI.
