

## COMMUNITY PARK PLAYGROUND REPLACEMENTS

### PROJECT BACKGROUND

Community-level playgrounds provide diverse play experiences to residents beyond the neighborhoods adjacent to them. Many well-used community playgrounds have a backlog of deferred maintenance and need attention to remain safe and welcoming. This project replaces four community-level playgrounds at Harvey Park, Huston Lake Park, Dailey Park and Crestmoor Park.

### PROJECT INFORMATION

Location: Harvey Park, Huston Lake Park, Dailey Park and Crestmoor Park

District: 2, 5 and 7

Neighborhood: Various

RISE Denver Funded Amount: \$5.5 million

Designer: TBD

Contractor: TBD

### ECONOMIC BENEFITS

Approximately 82 jobs (created and continued)

\$5.2 million in wages to workers

\$11 million in economic output (sales activity to businesses)

### PROJECT BENEFITS

Increased accessibility and safety

Enhanced outdoor playgrounds that support healthy lifestyles for youth and families in historically underserved neighborhoods
